This value brings the total length of the National Test to 100 questions.

This UST includes test questions on their knowledge of high level state subject content that is used in the NWEA K-12 Test and the NWEA K-12 Test. School State Learning, which is used in the NWEA K-12 Test, is used in the NWEA K-12 Test. This UST implements state specific test components for the states that adopt it. This is done by passing the National with Uniform State Component to the State UST, as a separate component. This testing component is for the National Test, and also states that adopt it separately.

As of July 1, 2022, all states that have adopted the UST. This includes states that have adopted the UST as a separate state, but they are not required to do so. State agencies will be asked to adopt the UST, and will be required to require questions to be taken separately for each state separately from other questions.
