What's Wrong with the World G. K. Chesterton, 2025-04-29T03:11:02Z In *What's Wrong with the World* G. K. Chesterton criticizes contemporary societal positions on property imperialism education and home life He believed that both unfettered capitalism and socialism erode society breaking up the family and keeping the poor in poverty He advocates for a broader distribution of both property and political power a philosophy that became known as Distributism and of which Chesterton and his friend Hilaire Belloc became well known advocates While this book was written in 1910 many of the issues Chesterton addresses like home ownership public education and the erosion of democracy remain important social issues in the modern day This book is part of the Standard Ebooks project which produces free public domain ebooks

Chesterton, 2017-11-28 *What's Wrong with the World* by G K Chesterton *What's Wrong with the World* opens with an analysis of the predicament of modern humanity too obsessed in the great age of political idealism with visions of the future I originally called this book *What is Wrong* and it would have satisfied your sardonic temper to note the number of social misunderstandings that arose from the use of the title Many a mild lady visitor opened her eyes when I remarked casually I have been doing *What is Wrong* all this morning And one minister of religion moved quite sharply in his chair when I told him as he understood it that I had to run upstairs and do what was wrong but should be down again in a minute Exactly of what occult vice they silently accused me I cannot conjecture but I know of what I accuse myself and that is of having written a very shapeless and inadequate book and one quite unworthy to be dedicated to you As far as literature goes this book is what is wrong and no mistake *What's Wrong with the World* G. K. Chesterton, 2015-03-04 But social science is by no means always content with the normal human soul it has all sorts of fancy souls for sale Man as a social idealist will say I am tired of being a Puritan I want to be a Pagan or Beyond this dark probation of Individualism I see the shining paradise of Collectivism Now in bodily ills there is none of this difference about the ultimate ideal The patient may or may not want quinine but he certainly wants health No one says I am tired of this headache I want some toothache or The only thing for this Russian influenza is a few German measles or Through this dark probation of catarrh I see the shining paradise of rheumatism But exactly the whole difficulty in our public problems is that some men are aiming at cures which other men would regard as worse maladies are offering ultimate conditions as states of health which others would uncompromisingly call states of disease Mr

Belloc once said that he would no more part with the idea of property than with his teeth yet to Mr Bernard Shaw property is not a tooth but a toothache Lord Milner has sincerely attempted to introduce German efficiency and many of us would as soon welcome German measles Dr Saleeby would honestly like to have Eugenics but I would rather have rheumatics

What's Wrong With the World G. K. Chesterton,Aeterna Press,2000-09 Some people do not like the word dogma Fortunately they are free and there is an alternative for them There are two things and two things only for the human mind a dogma and a prejudice The Middle Ages were a rational epoch an age of doctrine Our age is at its best a poetical epoch an age of prejudice A doctrine is a definite point a prejudice is a direction That an ox may be eaten while a man should not be eaten is a doctrine That as little as possible of anything should be eaten is a prejudice which is also sometimes called an ideal Now a direction is always far more fantastic than a plan I would rather have the most archaic map of the road to Brighton than a general recommendation to turn to the left Straight lines that are not parallel must meet at last but curves may recoil forever A pair of lovers might walk along the frontier of France and Germany one on the one side and one on the other so long as they were not vaguely told to keep away from each other And this is a strictly true parable of the effect of our modern vagueness in losing and separating men as in a mist Aeterna Press

What's Wrong with the World G. K. Chesterton, 2014-08-03 A book of modern social inquiry has a shape that is somewhat sharply defined It begins as a rule with an analysis with statistics tables of population decrease of crime among Congregationalists growth of hysteria among policemen and similar ascertained facts it ends with a chapter that is generally called The Remedy It is almost wholly due to this careful solid and scientific method that The Remedy is never found For this scheme of medical question and answer is a blunder the first great blunder of sociology It is always called stating the disease before we find the cure But it is the whole definition and dignity of man that in social matters we must actually find the cure before we find the disease
