Shari'ah and Common Law Adnan Trakic,2022-10-24 Harmonisation of law a term that refers to the bringing together of two different legal traditions has developed a negative connotation when considered in the context of Shari ah and common law Harmonisation began to be looked at as an attempt by one legal system to impose its values on the other A major reason for that is the lack of understanding of the scope to which these two legal traditions converge One of the principal findings of this book is that Shari ah and common law have many more commonalities than differences As a result the need for harmonisation between the two might have been exaggerated The similarities do not need to be harmonised Rather they need to be acknowledged and appreciated If the differences between Shari ah and common law which undoubtedly exist as evidenced in this book are viewed with an appreciation of the commonalities the ambiance to reconcile the differences would be more conducive to the harmonisation process This book is intended to help readers better understand Shari ah and common law and aid harmonisation efforts when the need arises Reports of Cases Argued and Determined in Ohio Courts of Record Except Supreme and Circuit...v. 1-31 William John Tossell,1908 **The**
