The sky is filled with dramatic, dark clouds, with a bright, glowing horizon line suggesting a sunset or sunrise. When Did Ignorance Become a Point of View Scott Adams, 2000-09 In his 18th collection Dilbert and his power hungry dog Dogbert once again provide comic relief to suppressed and repressed cubicle workers everywhere Understanding Ignorance Daniel R. Denicola, 2018-09-04 An exploration of what we can know about what we don't know why ignorance is more than simply a lack of knowledge Ignorance is trending Politicians boast I'm not a scientist Angry citizens object to a proposed state motto because it is in Latin and This is America not Mexico or Latin America Lack of experience not expertise becomes a credential Fake news and repeated falsehoods are accepted and shape firm belief Ignorance about American government and history is so alarming that the ideal of an informed citizenry now seems quaint Conspiracy theories and false knowledge thrive This may be the Information Age but we do not seem to be well informed In this book philosopher Daniel DeNicola explores ignorance its abundance its endurance and its consequences DeNicola aims to understand ignorance which seems at first paradoxical How can the unknown become known and still be unknown But he argues that ignorance is more than a lack or a void and that it has dynamic and complex interactions with knowledge Taking a broadly philosophical approach DeNicola examines many forms of ignorance using the metaphors of ignorance as place boundary limit and horizon He treats willful ignorance and describes the culture in which ignorance becomes an ideological stance He discusses the ethics of ignorance including the right not to know considers the supposed virtues of ignorance and concludes that there are situations in which ignorance is morally good Ignorance is neither pure nor simple It is both an accusation and a defense You are ignorant Yes but I didn't know Its practical effects range from the inconsequential to the momentous It is a scourge but DeNicola argues daringly it may also be a refuge a value even an accompaniment to virtue Stumbling Forward: A Life Michael J. Wagner, 2017-12-05 This is an autobiography done as only the first person singular can do it It's not written for reasons of ego God knows if you read it you'll see what an awkward ambling stumbling life story is told here But so far those stumbles have mostly been forward and interesting Therein lies the story This in-between generation rascal missed the Beat Generation and was too old to be a Baby Boomer There wasn't a discernable movement or cultural attitude for those who lived in between They had to make it up as they went along This is the meandering story of one of those Betweeners
