When The Facts Change Essays 1995 2010:

When the Facts Change Tony Judt, 2015 In an age in which the lack of independent public intellectuals has often been sorely lamented the historian Tony Judt played a rare and valuable role bringing together history and current events Europe and America what was and what is with what should be In *When the Facts Change* Tony Judt's widow and fellow historian Jennifer Homans has assembled an essential collection of the most important and influential pieces written in the last fifteen years of Judt's life the years in which he found his voice in the public sphere Included are seminal essays on the full range of Judt's concerns including Europe as an idea and in reality before 1989 and thereafter Israel the Holocaust and the Jews American hyperpower and the world after 9 11 and issues of social inclusion and social justice in an age of increasing inequality Judt was at once most at home and in a state of what he called internal exile from his native England from Europe and from America and he finally settled in New York between them all He was a historian of the twentieth century acutely aware of the dangers of ethnic exceptionalism and if he was shaped by anything it was the Jewish past and his own secularism His essays on Israel ignited a firestorm debate for their forthright criticisms of Israeli government policies relating to the Palestinians and the occupied territories Those crucial pieces are published here in book form for the first time including an essay never previously published called *What Is to Be Done* These pieces are suffused with a deep compassion for the Israeli dilemma a compassion that instilled in Judt a sense of responsibility to speak out and try to find a better path away from what he saw as a road to ruin *When the Facts Change* also contains Judt's homages to the culture heroes who were some of his greatest inspirations Amos Elon Fran ois Furet Leszek Kolakowski and perhaps above all Albert Camus who never accepted the complacent view that the problem of evil couldn't lie within us as well as outside us Included

here too is a magnificent two part essay on the social and political importance of railway travel to our modern conception of a good society as well as the urgent text of *What Is Living and What Is Dead in Social Democracy* the final public speech of his life delivered from a wheelchair after he had been stricken with a terrible illness and a tender and wise dialogue with his then teenage son Daniel about the different outlooks and burdens of their two generations To read *When the Facts Change* is to miss Tony Judt's voice terribly but to cherish it for what it was and still is a wise human deeply informed view on our most pressing concerns delivered in good faith

Reading the Nineteenth-Century Medical Journal Sally Frampton, Jennifer Wallis, 2020-12-18 This book explores medical and health periodicals of the nineteenth century their contemporary significance their readership and how historians have approached them as objects of study From debates about women doctors in lesser known titles such as the *Medical Mirror* to the formation of professional medical communities within French and Portuguese periodicals the contributors to this volume highlight the multi faceted nature of these publications as well as their uses to the historian Medical periodicals far from being the preserve of doctors and nurses were also read by the general public Thus the contributions collected here will be of interest not only to the historian of medicine but also to those interested in nineteenth century periodical culture more broadly The chapters in this book were originally published as a special issue of the journal *Media History*

Israelis and Palestinians Jonathan Glover, 2023-12-19 Can Israelis and Palestinians end their long conflict The shocking violence of current events undermines hope as does the long history of peace deals sabotaged by extremists on both sides In this compelling and timely book the eminent moral philosopher Jonathan Glover argues that one vital step towards progress is to better understand the disturbing psychology of the cycle of violence Glover explores the psychological flaws that entrap both sides the urge to respond to wounds or humiliation with backlash political or religious beliefs held with a rigidity that excludes compromise and people's identity being shaped by the conflict in ways that make it harder to imagine or even desire alternatives Drawing on the history of comparable conflicts that eased over time Glover proposes some ways to gradually weaken the grip of this psychology Completed as casualties mounted in the latest political and humanitarian crisis *Israelis and Palestinians* is essential reading for anyone concerned by the ongoing violence in the Middle East Also available as an audiobook

Young,2017-07-05 Tony Judt was born in London in 1948 but spent most of his career in America He studied history at Cambridge and then earned his doctorate in France His first major writings were about France s historical left wing movements particularly the French Socialist Party **Apocalypse in Crisis** Christopher Palmer,2021-10-15 Apocalypse is traditional and familiar and it is an actual threat it is feared desired and banal Apocalypse in Crisis discusses fictions from the 1940s to the present examining shifts in the imagination of apocalypse from the postwar British disaster novels through novels of the countercultural sixties feminist interventions and recent revisions and critiques As empire fades ideas of sexuality shift and attitudes to nature and to the city change so apocalyptic fictions change The individual subject is asserted immolated transcended abandoned individual deaths are substituted for mass death death is faked or erased The subjects and survivors of catastrophe set about re establishing civilization or they abandon it finding new ways of being and of dying they respond to it when it comes from outside as an invasion or they are immersed in it as it shifts from being an event to being a condition They flee the city for the country or accept that they must draw on the energies of the world city in order to survive The book includes detailed discussion of novels by H G Wells George M Stewart Nevil Shute John Wyndham Arthur C Clarke J G Ballard Brian Aldiss Doris Lessing Angela Carter Anna Kavan Arno Schmidt Anthony Burgess Ursula K Le Guin Tom Perrotta Douglas Coupland Don DeLillo China Mi ville Jeff VanderMeer and Kim Stanley Robinson The Dismantling of Japan's Empire in East Asia Barak Kushner,Sherzod Muminov,2016-12-08 The end of Japan s empire appeared to happen very suddenly and cleanly but as this book shows it was in fact very messy with a long period of establishing or re establishing the postwar order Moreover as the authors argue empires have afterlives which in the case of Japan s empire is not much studied This book considers the details of deimperialization including the repatriation of Japanese personnel the redrawing of boundaries issues to do with prisoners of war and war criminals and new arrangements for democratic political institutions for media and for the regulation of trade It also discusses the continuing impact of empire on the countries ruled or occupied by Japan where as a result of Japanese management and administration both formal and informal patterns of

behavior and attitudes were established that continued subsequently This was true in Japan itself where returning imperial personnel had to be absorbed and adjustments made to imperial thinking and in present day East Asia where the shadow of Japan's empire still lingers This legacy of unresolved issues concerning the correct relationship of Japan an important energetic outgoing nation and a potential regional hub with the rest of the region not comfortably settled in this era remains a fulcrum of regional dispute

America in the World from Truman to Biden Simon Serfaty,2021-10-30 Does America still count in the world Can the world still count on America In raising such questions halfway into a series of systemic shocks that began in September 2001

Simon Serfaty a long time scholar of international politics reminds Americans that their country's well being and that of the world are intertwined Play it again Sam History is in a foul mood again and this is no time to come home and leave behind an unfinished European Union facing the ghosts of a revanchist Russia still claiming the Old World as its own a strategic dark hole in the Greater Middle East on the eve of a global Sarajevo moment and China's surging hegemonic power in a continent fraught with too much history and too little geography Admittedly what is good for America may no longer be best for all the West and what is good for the West may no longer be good for much of the Rest the unipolar moment is irreversibly over Yet writing in an elegant style and with much historical insight Serfaty argues that even with the old power map irreversibly gone mainly to the benefit of the non Western world a new world order for the twenty first century will remain dependent on the U S role its capabilities and its efficacy as well as its leadership and its purpose

Ideology and Form in Yan Lianke's Fiction Haiyan Xie, 2023-02-10 Xie analyzes three novels by the international award winning Chinese writer Yan Lianke and investigates how his signature mythorealist form produces textual meanings that subvert the totalizing reality prescribed by literary realism The term mythorealism which Yan coined to describe his own writing style refers to a set of literary devices that incorporate both Chinese and Western literary elements while remaining primarily grounded in Chinese folk culture and literary tradition In his use of mythorealism carrying a burden of social critique that cannot allow itself to become political Yan transcends the temporality and provinciality of immediate social events and transforms his potential socio political commentaries into more diversified concerns for humanity existential issues and spiritual crisis Xie identifies three modes of mythorealist narrative exemplified in Yan's three novels the minjian folk mode in Dream of Ding Village the allusive mode in Ballad Hymn Ode and the enigmatic mode in The Four Books By positioning itself against an ambiguous articulation of social determinants of historical events that would perhaps be more straightforward in a purely realist text each mode of mythorealism moves its narrative from the overt politicality of the subject matter to the existential riddle of negotiating an alternative reality A groundbreaking study of one of contemporary China's most important authors that will be of great value to scholars and students of Chinese literature
