Plaidoyer Pour L'altruisme:

Plaidoyer pour l'altruisme Matthieu Ricard, 2013-09-19 Abreuvé d'images violentes confronté à une société en crise on n' imagine pas la force de la bienveillance le pouvoir de transformation positive qu'une véritable attitude altruiste peut avoir sur nos vies au plan individuel et partant sur la société tout entière Moine bouddhiste depuis près de quarante ans Matthieu Ricard lui expérimente les vertus de l'altruisme au quotidien Au carrefour de la philosophie de la psychologie des neurosciences de l'économie de l'écologie Plaidoyer pour l'altruisme est la somme d'années de recherches de lectures d'expériences d'observation et de réflexion Avec le sens de la pédagogie qui le caractérise et toujours en s'appuyant sur des exemples très concrets l'auteur de Plaidoyer pour le bonheur démontre point par point que l'altruisme n'est ni une utopie ni un vœu pieux mais une nécessité voire une urgence dans notre monde de plus en plus interdépendant pendant l'heure de la mondialisation Un essai passionnant inspiré par un humanisme et une lucidité qui emportent l'adhésion

Plaidoyer pour le vivant Matthieu Ricard, 2023 ,

Altruism Matthieu Ricard, 2015-06-02 The author of the international bestseller Happiness makes a passionate case for altruism and why we need it now more than ever In Happiness Matthieu Ricard demonstrated that true happiness is not tied to fleeting moments or sensations but is an enduring state of soul rooted in mindfulness and compassion for others Now he turns his lens from the personal to the global with a rousing argument that altruism genuine concern for the well being of others could be the saving grace of the 21st century It is he believes the vital thread that can answer the main challenges of our time the economy in the short term life satisfaction in the mid term and environment in the long term Ricard's message has been taken up by major economists and thinkers including Dennis Snower Amartya Sen Joseph Stiglitz and George Soros Matthieu Ricard makes a robust and passionate case for cultivating altruistic love and compassion as the best means for simultaneously benefitting ourselves and our society It's a fresh outlook on an ardent struggle and one that just might make the world a better place

A Plea for the Animals Matthieu Ricard, 2016-10-04 A powerful and wide ranging indictment of the treatment of animals by humans and an eloquent plea for animal rights Every cow just wants to be happy Every chicken just wants to be free Every bear dog or mouse experiences sorrow and feels pain as intensely as any of us humans do In a compelling appeal to reason and human kindness Matthieu Ricard here takes the arguments from his best sellers Altruism and Happiness to their logical conclusion that compassion toward all beings including our fellow animals is a moral obligation and the direction toward which any enlightened society must aspire He chronicles the appalling sufferings of the animals we eat wear and use for adornment or entertainment and submits every traditional justification for their exploitation to scientific evidence and moral scrutiny What arises is an unambiguous and powerful ethical imperative for treating all of the animals with whom we share this planet with respect and compassion

Towards a New International Monetary Order Koen Bittelier, 2017-05-25 This book presents a thorough and critical evaluation of the monetary and financial system prevalent in Western economies Further it seeks to explain why this system so often leads to financial crises and why they

have been dealt with unsatisfactorily in the past In order to provide answers to these questions the book investigates the monetary and financial system from a multidisciplinary perspective with a strong focus on the ethical value choices which throughout history have shaped the monetary and financial legal system In the closing chapters the book also advances a detailed proposal for a New Global Monetary Order one based on altruism as an alternative to the neoliberal values dominant today

Development, Humanitarian Aid, and Social Welfare Cornelia C. Walther, 2020-04-27 This book examines how human behavior is shaped by our aspirations emotions thoughts and sensations and conversely how the experiences that result from our behavior impact ourselves others and the planet Based on an analysis of the constant interplay between these four layers it offers practical solutions to systematically induce sustainable social change dynamics It shows why change in addition to economic and political transformation at the macro level begins with mind shifts at the micro level Hereby it establishes the missing link between investments in personal empowerment and collective welfare A novel theoretical paradigm is the foundation of this book which is anchored in the perspective of an ongoing body mind heart soul connection Based on the premise that an equitable society is to the benefit of everyone it is argued that efforts made for others have benefits at three levels for the individual who acts the one who has been acted for and for society

Cultiver l'optimisme Delphine Luginbuhl, Aurélie Pennel, 2023-10-26 Voir la vie en rose et prendre les choses du bon côté sont des expressions usées. Et pourtant il y a beaucoup d'avantages à être optimiste : une meilleure santé, une meilleure relation avec autrui, une meilleure façon de travailler. Qu'est-ce que **S'engager et méditer en temps de crise** Cécile Entremont, 2017-01-18 Comment faire le deuil de l'avenir pour vivre et agir dans le présent. Riche de ses quarante années de consultations comme psychologue particulièrement en milieu rural, Cécile Entremont mesure l'impact des crises sur les comportements individuels et collectifs familiaux, notamment. Elle constate du désespoir, du fatalisme et un déni de réalité qui consiste ne pas voir la gravité du contexte économique, social et écologique. Face à cette situation, elle propose de faire un certain deuil de l'avenir pour s'ancrer dans la réalité et se mettre en mouvement. Un ouvrage qui propose des pistes très concrètes qui passent par l'éducation, l'attention aux autres et la nature, l'ancrage local, la vie associative et le développement personnel.

EXTRAIT Les gens sont devenus tendus, perdus, malades, stressés, anxieux, les enfants désabusés, dispersés, les inégalités entre les riches et les pauvres se sont creusées et les guerres éclatent partout, du Moyen-Orient à l'Afrique Centrale, au Pakistan et se déchaînent même en Europe par l'intermédiaire de groupes terroristes armés. Tout cela aurait-il un lien avec la question précedente, celle de la crise globalisée de notre monde ? Je partirai de ma position de psychologue, clinicienne, psychothérapeute et formatrice pour faire état de mes observations. Quels changements majeurs concernant les interrogations et les comportements humains durant les quarante dernières années seraient souligner ? Et quels constats frappants souvent partagés ? Est-il possible de faire aujourd'hui ? Quelles questions soulever alors pour aborder l'avenir en matière d'éducation, de vie sociale et de développement personnel ? L'enjeu est de taille pour les temps qui viennent, c'est urgent.

PROPOS DE L'AUTEUR Psychologue, clinicienne, psychothérapeute et docteure en théologie, Cécile Entremont pratique également l'accompagnement spirituel individuel et en groupe. Elle vit et travaille en Bourgogne.
