

**PLATO'S APOLOGY READING AND QUESTIONS**

**Directions:** Read and then answer the following questions about Plato's Apology.

Plato's Apology (read!):

"Plato's Apology is not Plato's at all. It is actually Socrates. Since Socrates was illiterate, Plato wrote everything Socrates said.

Yet another aspect of Socrates' teachings that Plato named after him is that the way that a dialogue worked is that Socrates would meet a young man who claims to know something about one of the "big topics" (intelligence, bravery, cleverness, etc.). Socrates would approach the young man at first, causing the young man to brag about himself. Socrates notices a minor problem with the youth's argument, though, and Socrates would simply unravel the youth's theories, leaving the youth confused. Both admit to being ignorant and hide, or run away with embarrassment, many a time, but Socrates in order to discover the truth, and, in the end, the truth is that the youth now has learned to question the "truth" that he had just taken for granted.

The speech that Socrates gives in the Apology, though, is not an "apology" in modern terms. In The Apology, Socrates attempts to defend himself and his conduct – certainly not apologize.

For the most part, Socrates speaks truth. He is honest and direct. He explains that he is wiser than others because he admits that he is ignorant. In order to spread this wisdom, he had to spend a great deal of time in that thought. He is not an ignorant. If Athens admired him for his activities, but he earned hatred and anger from the figures who preferred not to be questioned by the youth.

Socrates interrogates Melitus, the man who is mainly responsible for bringing Socrates before a jury. This is the only time he cross-examines, but it does not seem to be reminiscent of the peripatetic dialogue that got him in trouble in the first place. The method did not work in this case, and Socrates is found guilty and then given the chance to either live and change his ways, or to accept death, refusing to live a dishonest life.

The odd part about Socrates' death is that one of the greatest philosophers of all times died without ever finding the knowledge he was seeking. To be fair, though, we now know that intelligence, bravery, cleverness, and artistic ability is a gray area and one in which we still don't have definitive answers.
