Tunnacliffe And Hirst:

Optics Alan H. Tunnacliffe, J. G. Hirst, 1996 Effective Realism 2nd Edition P H Kinslow, 2014-02-28 Before the era of the specialist scientist physical reality as a whole was the purview of the natural philosopher This work is one of natural philosophy Since the commencement of the twentieth century science has become inundated with counter intuitive concepts However all genuine natural philosophy is based on man's intuitive realism which evolved for the purpose of enabling homo sapiens to understand physical reality through sensory experience The genesis of the concepts of genuine intuitive realism is the unconscious in which ongoing and stored sensory experience are analysed and intuitive realistic concepts are transferred to the mind purged of the specialised sciences at variance with physical realism Consequently it has been my preoccupation for many years to study with growing disparagement those many concepts of the specialised sciences which from the beginning of the twentieth century run counter to intuitive realism Examples of concepts countering intuitive realism are that motion dilates time and contracts lengths that time and space are not separate but welded together a particular particle creates mass in particles without mass that there are a multitude of dimensions which are invisible because they are tightly rolled up that a body can be at two places at the same time that what we see is not physical reality but a rendition of that reality in our brain and that a horse shoe can make a blacksmith It is time that intuition is credited with the praise it deserves and there needs to be a cutting down to size of counter intuitive science I have examined and revealed flaws in such prevailing counter intuitive realistic theories as special relativity general relativity QED the standard model of micro particles string theory cerebral visual rendition and natural selection I propose alternative natural philosophic concepts which do not conflict with intuitive realism I present this work in five chapters with an epilogue under the umbrella title of Effective Realism or In Praise of Intuition Intuitive realism is the bedrock of Effective Realism and this work proclaims its effectiveness

A Yorkshire Family Genealogy, 2011 Family Trees from Yorkshire Some years ago I decided to find out who my ancestors were How they lived and see what made me Me Back in the 1980 s long before computers made genealogy what it is today I spent more hours in various Records Offices Libraries looking through census returns and parish records climbed over more gravestones in more cemeteries than I care to remember resulting in this book I hit a brick wall with my Knowles ancestors when I got back to the 1770 s Not being able to go back I decided to branch off sideways and look into some of the families connected to my family through marriage This book contains 13 Family Trees with hundreds of names dates births marriages and deaths of families from the Huddersfield Barnsley and other areas of Yorkshire England Including some families who emigrated to the USA and Australia All the families are connected to each other and together they make up a Yorkshire Family Genealogy

The Dispensing Optician, 1984 **The Making of Huddersfield** George Redmonds, 2003-05-01 The Making of Huddersfield is not a systematic and chronological account of Huddersfield s growth but a series of illuminating snapshots which bring to life numerous aspects of the town and its surrounding area Just 200 years ago Huddersfield was still a village In a short time it was to become one of the most dynamic and vibrant towns in the north of England and this book traces the history of that development from the early Middle Ages through important changes in Tudor and Stuart times and into the exciting years of the Industrial Revolution The Making of Huddersfield tells the story of ancient bridges and highways inns mills and private dwellings and it looks at ordinary people as they appear in early court records identifying individuals and families as they thronged the market place or relaxed in the ale houses Take a transitional journey from the Middle Ages to the present day as you read The Making of Huddersfield
