Infanticide Rachel Dixon, 2023-02-02 *Infanticide* examines medical expert evidence in infanticide cases focusing specifically on the shifting notion of certainty in medical testimony Beginning in the Early Modern period and concluding in the mid twentieth century it considers how courts determined whether an infant died from natural causes or other reasons including violence The book explores expert evidence in cases of infanticide and examines the extent of certainty created by medical specialists who founded their testimony on anatomical exploration and science As the book progresses it becomes clear that medical specialists were unable to scientifically establish cause of death and in doing so conveyed uncertainty in court proceedings Rather than being regarded as a professional failing Dixon argues that the uncertainty created by medical specialists

redirected the outcomes of infanticide cases The combination of uncertainty and the changing perceptions of infanticidal women by the court lead juries to find infanticidal women not guilty of a capital offence in many cases This book will be of great interest to students and scholars of Criminology Law and History **The Anatomy of Genres** John Truby, 2022-11-29

A guide to understanding the major genres of the story world by the legendary writing teacher and author of The Anatomy of Story John Truby Most people think genres are simply categories on Netflix or Amazon that provide a helpful guide to making entertainment choices Most people are wrong Genre stories aren't just a small subset of the films video games TV shows and books that people consume They are the all stars of the entertainment world comprising the vast majority of popular stories worldwide That's why businesses movie studios production companies video game studios and publishing houses buy and sell them Writers who want to succeed professionally must write the stories these businesses want to buy Simply put the storytelling game is won by mastering the structure of genres The Anatomy of Genres How Story Forms Explain the Way the World Works is the legendary writing teacher John Truby's step by step guide to understanding and using the basic building blocks of the story world He details the three ironclad rules of successful genre writing and analyzes more than a dozen major genres and the essential plot events or beats that define each of them As he shows the ability to combine these beats in the right way is what separates stories that sell from those that don't Truby also reveals how a single story can combine elements of different genres and how the best writers use this technique to craft unforgettable stories that stand out from the crowd Just as Truby's first book The Anatomy of Story changed the way writers develop stories The Anatomy of Genres will enhance their quality and expand the impact they have on the world **When Texas Prison Scams Religion** Michael G. Maness, 2023-05-22

When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ's executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a

commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars

The Christian Century ,1929 **Bombay Cinema** Ranjani Mazumdar,2007 **The Restorative Prison** Byron R. Johnson,Michael Hallett,Sung Joon Jang,2021-09-05 Drawing on work from inside some of America s largest and toughest prisons this book documents an alternative model of restorative corrections utilizing the lived experience of successful inmates fast disrupting traditional models of correctional programming While research documents a strong desire among those serving time in prison to redeem themselves inmates often confront a profound lack of opportunity for achieving redemption In a system that has become obsessively and dysfunctionally punitive often fewer than 10% of prisoners receive any programming Incarcerated citizens emerge from prisons in the United States to reoffend at profoundly high rates with the majority of released prisoners ending up back in prison within five years In this book the authors describe a transformative agenda for incentivizing and rewarding good behavior inside prisons rapidly proving to be a disruptive alternative to mainstream corrections and offering hope for a positive future The authors expertise on the impact of faith based programs on recidivism reduction and prisoner reentry allows them to delve into the principles behind inmate led religious services and other prosocial programs to show how those incarcerated may come to consider their existence as meaningful despite their criminal past and current incarceration Religious practice is shown to facilitate the kind of transformational identity work that leads to desistance that involves a change in worldview and self concept and which may lead a prisoner to see and interpret reality in a fundamentally different way With participation in religion protected by the U S Constitution these model programs are helping prison administrators weather financial challenges while also helping make prisons less punitive more transparent and emotionally restorative This book is essential reading for scholars of corrections offender reentry community corrections and religion and crime as well as professionals and volunteers involved in correctional counseling and prison ministry
