Reulen, 2012-12-06 Agreed standards and guidelines are the heart and soul of improving the differing training systems and to harmonize neurosurgical training in the European countries. Such standards and guidelines have been laid down in the European Training Charter of the European Union of Medical Specialists and recently novellated. This book, written by experienced neurosurgeons, offers all those concerned with neurosurgical training, trainers and trainees, practical advice to implement the above mentioned standards and recommendations. It has been written as a manual 'How to do it'. It describes the tasks of a chairman, programme director, the tasks of the teaching staff, the organisation of a training curriculum, a rotation plan or a morbidity and mortality conference, the periodic progress evaluation, the course of an external audit and many more important topics. It contains a lot of practical tips, check lists and useful examples. Well educated young colleagues offer safe neurosurgery to our patients. *Dr. Singh's NEET PG MCQ's for Medical Students* Brijendra Singh, 2017-01-01 This book, Dr. Singh's NEET PG MCQ's for Medical Students Anatomy Question Bank, is being crafted based on the latest syllabus and guidelines of NEET PG. Making Doctors Simon Sinclair,2020-08-07

Few outsiders realize that student illness is frequently and ironically a by product of medical training This unique study by a medical doctor and trained anthropologist debunks popular myths of expertise and authority which surround the medical establishment and asks provoking questions about the acquisition and dissemination of knowledge within the field In detailing all levels of basic training in a London medical school the author describes students official activities that is what they need to do to qualify as well as their unofficial ones such as their social life in the bar This insider s expos should prompt a serious reconsideration of abuses in a profession which has a critical influence over untold lives In particular it suggests that the structures and discourses of power need to be re examined in order to provide satisfactory answers to sensitive questions relating to gender and race the dialogue between doctor and patient and the mental stability of students under severe stress
