Troublemaker Chester E. Finn, Jr., 2008-02-04 Few people have been more involved in shaping postwar U S education reforms or dissented from some of them more effectively than Chester Finn Assistant secretary of education under Ronald Reagan and an aide to politicians as different as Richard Nixon and Daniel Moynihan Finn has also been a high school teacher an education professor a prolific and best selling writer a think tank analyst a nonprofit foundation president and both a Democrat and Republican This remarkably varied career has given him an extraordinary insider's view of every

significant school reform movement of the past four decades from racial integration to No Child Left Behind In Troublemaker Finn has written a vivid history of postwar education reform that is also the personal story of one of the foremost players and mavericks in American education Finn tells how his experiences have shaped his changing views of the three major strands of postwar school reform standards driven choice driven and profession driven Of the three Finn now believes that a combination of choice and standards has the greatest potential but he favors this approach more on pragmatic than ideological grounds arguing that parents should be given more options at the same time that schools are allowed more flexibility and held to higher performance norms He also explains why education reforms of all kinds are so difficult to implement and he draws valuable lessons from their frequent failure Clear eyed yet optimistic Finn ultimately gives grounds for hope that the best of today s bold initiatives from charter schools to technology to makeovers of school system governance are finally beginning to make a difference Resources in Education ,2001-04 **Improving Teaching**

Dreams from the Monster Factory Sunny Schwartz,2009-01-06 Dreams from the Monster Factory tells the true story of

Sunny Schwartz's extraordinary work in the criminal justice system and how her profound belief in people's ability to change is transforming the San Francisco jails and the criminals incarcerated there. With an immediacy made possible by a twenty-seven year career, Schwartz immerses the reader in the troubling and complex realities of U.S. jails, the monster factories, places that foster violence, rage, and ultimately better criminals. But by working in the monster factories, Schwartz also discovered her dream of a criminal justice system that empowers victims and reforms criminals. Charismatic and deeply compassionate, Sunny Schwartz grew up on Chicago's south side in the 1960s. She fought with her family, struggled through school, and floundered as she tried to make something of herself. Bucking expectations of failure, she applied to a law school that didn't require a college degree, passed the bar, and began her life's work in the criminal justice system. Eventually, she grew disheartened by the broken, inflexible system, but instead of quitting, she reinvented it, making jail a place that could change people for the better. In 1997, Sunny launched the Resolve to Stop the Violence Project (RSVP), a groundbreaking program for the San Francisco Sheriff's Department. RSVP, which has cut recidivism for violent rearrests by up to 80 percent, brings together victims and offenders in a unique correctional program that empowers victims and requires offenders to take true responsibility for their actions and eliminate their violent behavior. Sunny Schwartz's faith in humanity, her compassion, and her vision are inspiring. In *Dreams from the Monster Factory*, she goes beyond statistics and sensational portrayals of prison life to offer an intimate, harrowing, and revelatory chronicle of crime, punishment, and ultimately redemption.
