Turn Back Time:

If I Could Turn Back Time Beth Harbison, Elizabeth M. Harbison, 2015-07-28 After a diving accident thirty seven year old Ramie Phillips is waking up trying to understand a voice in the distance Wake up It's her mother You're going to be late for school again I'm not writing a note this time Transported back in time to the eve of her eighteenth birthday Ramie's experience is the fantasy of every woman who's ever thought If I could go back in time knowing what I know now I'd do things so differently Intermedialities Henk Oosterling, Ewa Plonowska Ziarek, 2012-07-10 Bringing together an international and interdisciplinary group of scholars *Intermedialities: Philosophy Arts Politics* is a comprehensive collection devoted to the new field of research called intermedialities The concept of intermedialities stresses the necessity of situating philosophical and political debates on social relations in the divergent contexts of media theories avant garde artistic practices continental philosophy feminism and political theory The intermedial approach to social relations does not focus on the shared identity but instead on the epistemological ethical and political status of inter-being in between At stake here are the political analyses of new modes of being in common that transcend national boundaries the critique of the new forms of domination that accompany them and the search for new emancipatory possibilities Opening a new approach to social relations intermedialities investigates not only engagements between already constituted positions but even more the interval antagonism and differences that form and decenter these positions Consequently in opposition to the resurgence of cultural and ethnic particularisms and to the leveling of difference produced by globalization the political and ethical analysis of the in-between enables a conception of community based on difference exposure and interaction with others rather than on an identification with a shared identity Investigations of in-betweenness both as medium specific and between heterogeneous sites of inquiry range here from philosophical conceptuality to artistic practices from the political circulation of money and power to the operation of new technologies They inevitably invoke the crucial role of embodiment in creative thought and collective acting As a mediating instance between the psyche and society matter and spirit nature and culture and biology and technology the body is another interval forming and informed by socio-linguistic relations As these com

and Stein experienced first hand the trials of war detention violence exile and occupation that tested their power to forgive Phenomenology and Forgiveness addresses questions such as whether it is only ethical to forgive in response to apologies and expressions of remorse or whether forgiveness is a gift whether some acts are unforgiveable the role of forgiveness in political life and whether it is possible to forgive ourselves **Operations Research Proceedings 2015** Karl Franz Dörner,Ivana Ljubic,Georg Pflug,Gernot Tragler,2017-03-07 This book gathers a selection of refereed papers presented at the International Conference on Operations Research OR2015 which was held at the University of Vienna Austria September 1 4 2015 Over 900 scientists and students from 50 countries attended this conference and presented more than 600 papers in parallel topic streams as well as special award sessions Though the guiding theme of the conference was Optimal Decision and Big Data this volume also includes papers addressing practically all aspects of modern Operations Research **Atop an Underwood** Jack Kerouac,2000-11-01 An indispensable Chicago Tribune collection of more than sixty previously unpublished works from Jack Kerouac ranging from stories and poems to plays and excerpts of novels Fascinating provides a poignant picture of a life brimming with promise The Boston Globe Before Jack Kerouac expressed the spirit of a generation in his classic On the Road he spent years figuring out how he wanted to live and above all learning how to write Atop an Underwood brings together works that Kerouac wrote before he was twenty two years old including an excerpt from The Sea Is My Brother These writings reveal what Kerouac was thinking doing and dreaming during his formative years and reflect his primary literary influences including the source of his spontaneous prose style Uncovering a fascinating missing link in Kerouac s development as a writer Atop an Underwood is essential reading for Kerouac fans scholars and critics alike
