# Equations & Answers

## FUNCTIONS & THEIR GRAPHS

### Definitions

- A function is a relation in which each element of the domain is paired with only one element of the range.
- In most cases,  $x$  is the independent variable and  $y$  or  $f(x)$  is the dependent variable.

### Linear Functions

A function whose graph is a non-vertical line or part of a non-vertical line. There are 3 forms of linear equations: slope-intercept, point-slope, and standard form.

- Slope-intercept form:**  $y = mx + b$ , where  $m$  is the slope and  $b$  is the  $y$ -intercept of the line.

EX: If a line has a slope of 3 and  $y$ -intercept of 5, the equation is  $y = 3x + 5$ .

- Point-slope form:**  $y - y_1 = m(x - x_1)$ , where  $m$  is the slope and  $(x_1, y_1)$  is a point on the line.

EX: If a line has a slope of -2 and contains the point  $(0, -4)$ , the equation is  $y - (-4) = -2(x - 0)$  or  $y + 4 = -2(x - 0)$ .

- Standard form:**  $Ax + By = C$ , where  $A$ ,  $B$ , and  $C$  are integers and  $A$  is positive. The slope is  $-\frac{A}{B}$  and the  $y$ -intercept is  $-\frac{C}{B}$ . This form of a line is most often used to find intercepts by plugging 0 in for  $x$  and  $y$  separately and solving.

EX: Given the line  $3x + 2y = 4$ , the slope is  $-\frac{3}{2}$  and the  $y$ -intercept is 2. The intercepts can also be found by substitution:

$x$ -intercept (plug in 0 for  $y$ ):

$$3x + 2y = 4 \quad 3x + 2(0) = 4 \quad 3x = 4 \quad x = \frac{4}{3}$$

$y$ -intercept (plug in 0 for  $x$ ):

$$3x + 2y = 4 \quad 3(0) + 2y = 4 \quad 2y = 4 \quad y = 2$$

### Polynomial Functions

A function is a polynomial function if it can be written in the form

$$f(x) = ax^n + bx^{n-1} + cx^{n-2} + \dots + dx + e.$$

- The greatest power of a polynomial with one variable is called its **degree**.
  - When the degree of the function is odd, there is at least one real zero; when the degree is even, there may be no real zeros.
  - Both types can have imaginary roots of the form  $a + bi$ .
- EX:  $f(x) = 2x^3 + 3x^2 - x + 4$  has a degree of 3, one real zero at  $x = -2.1608$ , and two non-real roots.

### Quadratic Functions

Written in the form  $f(x) = ax^2 + bx + c$ , where  $a \neq 0$

- The **axis of symmetry** is the vertical line with equation  $x = -\frac{b}{2a}$ .
- The  $y$ -intercept is  $c$ .
- Quadratic functions can be written in **vertex form**,  $f(x) = a(x - h)^2 + k$ , where  $(h, k)$  is the vertex of a parabola that opens up when  $a > 0$  and opens down when  $a < 0$ .
- Quadratic functions can have none, one, or two real-number solutions.
- The graph is a parabola if the parabola opens left or right—it is not a function.
- The vertex is the **critical point** where the graph changes from increasing to decreasing or decreasing to increasing.

### Methods for Finding Roots

Equation	Method	Justification	Solution
$x^2 - 9 = 0$	Square Roots	There is no $x$ -term.	$x^2 - 9 = 0$ $x^2 = 9$ $x = 3$ or $-3$
$x^2 + 2x - 8 = 0$	Factoring	It has only a few factors to check.	$x^2 + 2x - 8 = 0$ $(x + 4)(x - 2) = 0$ $x = -4$ or $2$
$2x^2 + 5x - 9 = 0$	Quadratic Formula	The equation cannot be factored.	$x = \frac{-5 \pm \sqrt{5^2 - 4(2)(-9)}}{2(2)}$ $x = \frac{-5 \pm \sqrt{97}}{4}$
$x^2 - 8x + 3 = 0$	Completing the Square or Quadratic Formula	The coefficient of the $x^2$ -term is 1 but the equation cannot be factored.	$x^2 - 8x + 3 = 0$ $x^2 - 8x = -3$ $x^2 - 8x + 16 = -3 + 16$ $(x - 4)^2 = 13$ $x - 4 = \pm\sqrt{13}$ $x = 4 \pm\sqrt{13}$

The **discriminant** is the expression under the radical in the Quadratic Formula and can be used to determine the number of real solutions.

- A function can be identified using the **vertical line test**. If a vertical line passes through the graph of the function in more than one point, the graph is not a function.
- A function can be represented by an equation in terms of  $x$  and  $y$  or with function notation:  $y = 7x - 11$  or  $f(x) = 7x - 11$ .

**Discriminant:**  $b^2 - 4ac > 0$

EX:  $2x^2 - 7x + 3 = 0$

The discriminant is  $(-7)^2 - 4(2)(3) = 25$ , which is positive.

There are two real number solutions.

**Discriminant:**  $b^2 - 4ac = 0$

EX:  $x^2 - 8x + 16 = 0$

The discriminant is  $(-8)^2 - 4(1)(16) = 0$ .

There is one real number solution.

**Discriminant:**  $b^2 - 4ac < 0$

EX:  $2x^2 - 7x + 8 = 0$

The discriminant is  $(-7)^2 - 4(2)(8) = -15$ , which is negative.

There are no real number solutions.

### Rational Functions

A rational function is an equation of the form  $f(x) = \frac{p(x)}{q(x)}$ , where  $p(x)$  and  $q(x)$  are polynomial functions and  $q(x) \neq 0$ .

- Rational functions may have breaks in continuity that appear in the graph as vertical asymptotes or point discontinuities that appear as holes.
- Vertical asymptotes occur where a rational function is undefined.
- Point discontinuities occur where there is a common factor in the numerator and denominator.

**To multiply:** First multiply the numerators, then the denominators.

$$\frac{8x^2 - 8}{3x + 10} \cdot \frac{4x + 6}{2x - 2} = \frac{(8x^2 - 8)(4x + 6)}{(3x + 10)(2x - 2)}$$

**To divide:** Multiply by the multiplicative inverse (reciprocal) of the divisor.

$$\begin{aligned} \frac{x^2 + 3x + 10}{x^2 + 3x + 2} \cdot \frac{x - 2}{x - 2} &= \frac{x^2 + 3x + 10}{x^2 + 3x + 2} \cdot \frac{x - 2}{x - 2} \\ &= \frac{(x + 5)(x + 2)(x - 2)}{(x + 2)(x + 1)(x - 2)} \\ &= \frac{x + 5}{x + 1} \end{aligned}$$

**Order is important for division.**

**To add and subtract:** There must be a common denominator. To find it for rational expressions with polynomials in the denominator, factor first to determine common factors.

$$\frac{5}{x^2 - x - 20} + \frac{7}{2x - 10} = \frac{5}{(x + 4)(x - 5)} + \frac{7}{2(x - 5)}$$

Using one of each factor, the LCM is  $2(x + 4)(x - 5)$ . Multiply each fraction's numerator and denominator by the factors missing from the LCM.

$$\begin{aligned} &= \frac{5}{(x + 4)(x - 5)} \cdot \frac{2}{2} + \frac{7}{2(x - 5)} \cdot \frac{(x + 4)}{(x + 4)} \\ &= \frac{10}{2(x + 4)(x - 5)} + \frac{7(x + 4)}{2(x - 5)(x + 4)} \\ &= \frac{10 + 7x + 28}{2(x + 4)(x - 5)} \end{aligned}$$

**Hint:**

The common denominator is the LCM (least common multiple) of the denominators.

The subtraction sign must be distributed to each part of the numerator of the second fraction.

$$\text{Subtracting: } \frac{x - 4}{x^2 + 3x - 10} - \frac{x + 2}{x^2 + x - 20} = \frac{x - 4}{(x + 5)(x - 2)} - \frac{x + 2}{(x - 4)(x - 5)}$$

Using one of each factor, the LCM is  $(x - 2)(x + 5)(x - 4)$ .

Multiply each fraction's numerator and denominator by the factors missing from the LCM.

$$\begin{aligned} &= \frac{x - 4}{(x + 5)(x - 2)} \cdot \frac{x - 4}{x - 4} - \frac{x + 2}{(x - 4)(x - 5)} \cdot \frac{x - 2}{x - 2} \\ &= \frac{x^2 - 8x + 20}{(x + 5)(x - 2)(x - 4)} - \frac{x^2 - 4}{(x - 4)(x - 5)(x - 2)} \\ &= \frac{-8x + 20}{(x + 5)(x - 2)(x - 4)} \end{aligned}$$

# Precalculus 3rd Quarter Final Key

**Cynthia Y. Young**

## **Precalculus 3rd Quarter Final Key:**

**Resources in Education** ,1989      *Canadiana* ,1989      *Precalculus, 3rd Edition Evaluation Copy* Cynthia Y. Young,2017-10-16      Pre-calculus The Editors of Rea,Max Fogiel,2000 Get all you need to know with Super Reviews Each Super Review is packed with in depth student friendly topic reviews that fully explain everything about the subject The Pre Calculus Super Review includes sets numbers operations and properties coordinate geometry fundamental algebraic topics solving equations and inequalities functions trigonometry exponents and logarithms conic sections matrices and determinants Take the Super Review quizzes to see how much you ve learned and where you need more study Makes an excellent study aid and textbook companion Great for self study DETAILS From cover to cover each in depth topic review is easy to follow and easy to grasp Perfect when preparing for homework quizzes and exams Review questions after each topic that highlight and reinforce key areas and concepts Student friendly language for easy reading and comprehension Includes quizzes that test your understanding of the subject      *Precalculus, 3rd Edition Student Solutions Manual* Cynthia Y. Young,2017-08-17      **Precalculus Tests Answer Key** Bob Jones University Press,      **Precalculus, WileyPLUS Card** Cynthia Y. Young,2017-12-11      Pre-Calculus Demystified Rhonda Huettenmueller,2005-02-04 Pre Calculus Demystified leads the reader through all the intricacies and requirements of this essential course Whether you need to pass a class a college requirement or get a leg up on more advanced topics this book provides clear explanation with a wealth of questions answers and practical examples Packed with practical examples graphs and Q As this complete self teaching guide from the best selling author of Algebra Demystified covers all the essential topics including absolute value nonlinear inequalities functions and their graphs inverses proportion and ratio and much more      **Precalculus, WileyPLUS Blackboard Card** Cynthia Y. Young,2017-12-11      **Precalculus** Mehdi Rahmani-Andebili,2024-01-05 The second edition of this study guide is written and designed for students taking a precalculus course It includes new and expanded exercises with final answers that will help students to review and sharpen their knowledge of the subject and enhance their performance in the classroom The author uses methods typically found in instructor recommended textbooks offering detailed solutions multiple methods for solving problems and clear explanations of concepts This hands on guide will improve students problem solving skills and foster a solid understanding of calculus which will benefit them in all of their calculus based courses      *Schaum's Outline of Precalculus, 3rd Edition* Fred Safier,2012-11-16 Tough Test Questions Missed Lectures Not Enough Time Fortunately there s Schaum s This all in one package includes 738 fully solved problems examples and practice exercises to sharpen your problem solving skills Plus you will have access to 30 detailed videos featuring Math instructors who explain how to solve the most commonly tested problems it s just like having your own virtual tutor You ll find everything you need to build confidence skills and knowledge for the highest score possible More than 40 million students have trusted Schaum s to help them succeed in the classroom and on exams Schaum s is the key to faster learning and higher grades in every subject Each

Outline presents all the essential course information in an easy to follow topic by topic format You also get hundreds of examples solved problems and practice exercises to test your skills This Schaum s Outline gives you 738 fully solved problems The latest course scope and sequences with complete coverage of limits continuity and derivatives Succinct explanation of all precalculus concepts Fully compatible with your classroom text Schaum s highlights all the important facts you need to know Use Schaum s to shorten your study time and get your best test scores     **Precalculus, WileyPLUS LMS Card** Cynthia Y. Young,2017-12-11     *Precalculus* Judith A. Beecher,Judith A. Penna,Marvin L. Bittinger,2011-11-21 This is the eBook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book Beecher Penna and Bittinger s *Precalculus A Right Triangle Approach* is known for enabling students to see the math through its focus on visualization and early introduction to functions With the Fourth Edition the authors continue to innovate by incorporating more ongoing review to help students develop their understanding and study effectively Mid chapter Review exercise sets have been added to give students practice in synthesizing the concepts and new Study Summaries provide built in tools to help them prepare for tests The MyMathLab course access kit required has been expanded so that the online content is even more integrated with the text s approach with the addition of Vocabulary Synthesis and Mid chapter Review exercises from the text as well as example based videos created by the authors

**Precalculus 2E Binder Ready Version with WileyPLUS Blackboard Card Set** Cynthia Y. Young,2014-02-27

**Precalculus 2E Custom Unbound Edition with WileyPLUS Blackboard Card Set** Cynthia Y. Young,2014-07-18

Precalculus 2E WileyPlus Blackboard Student Package Cynthia Y. Young,2014-03-21     *Precalculus* Thomas

Tradler,2014     **Precalculus, Student Solutions Manual** Cynthia Y. Young,2010-02-15 Engineers looking for an accessible approach to calculus will appreciate Young s introduction The book offers a clear writing style that helps reduce any math anxiety they may have while developing their problem solving skills It incorporates Parallel Words and Math boxes that provide detailed annotations which follow a multi modal approach Your Turn exercises reinforce concepts by allowing them to see the connection between the exercises and examples A five step problem solving method is also used to help engineers gain a stronger understanding of word problems     *Precalculus 2e Binder Ready Version + WileyPLUS Registration Card* Cynthia Y. Young,2013-10-21 This package includes a three hole punched loose leaf edition of ISBN 9781118692479 and a registration code for the WileyPLUS course associated with the text Before you purchase check with your instructor or review your course syllabus to ensure that your instructor requires WileyPLUS For customer technical support please visit <http://www.wileyplus.com/support> WileyPLUS registration cards are only included with new products Used and rental products may not include WileyPLUS registration cards Cynthia Young s *Precalculus 2nd edition* helps to bridge the gap between in class work and homework by helping students overcome common learning barriers and build confidence in their ability to do mathematics Young enables students to become independent successful learners by including multiple

exercise types more opportunities to use technology and a themed modeling project that empowers students to apply what they have learned in the classroom to the world outside the classroom      Student Solutions Manual for Precalculus With Early Trigonometry Marion Berger, 2017-06-17 This manual contains the solutions to all of the odd numbered Exercises and to all including even numbered Cumulative Review Exercises in the textbook Precalculus with Early Trigonometry 3rd ed by G Viglino and M Berger

Uncover the mysteries within Crafted by is enigmatic creation, Discover the Intrigue in **Precalculus 3rd Quarter Final Key** . This downloadable ebook, shrouded in suspense, is available in a PDF format ( PDF Size: \*). Dive into a world of uncertainty and anticipation. ## **Precalculus 3rd Quarter Final Key Introduction**

Precalculus 3rd Quarter Final Key Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Precalculus 3rd Quarter Final Key Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Precalculus 3rd Quarter Final Key : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Precalculus 3rd Quarter Final Key : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Precalculus 3rd Quarter Final Key Offers a diverse range of free eBooks across various genres. Precalculus 3rd Quarter Final Key Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Precalculus 3rd Quarter Final Key Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Precalculus 3rd Quarter Final Key, especially related to Precalculus 3rd Quarter Final Key, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Precalculus 3rd Quarter Final Key, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Precalculus 3rd Quarter Final Key books or magazines might include. Look for these in online stores or libraries. Remember that while Precalculus 3rd Quarter Final Key, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Precalculus 3rd Quarter Final Key eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Precalculus 3rd Quarter Final Key full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Precalculus 3rd Quarter Final Key eBooks, including some popular titles.

## **FAQs About Precalculus 3rd Quarter Final Key Books**

**What is a Precalculus 3rd Quarter Final Key PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system

used to view or print it. **How do I create a Precalculus 3rd Quarter Final Key PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Precalculus 3rd Quarter Final Key PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Precalculus 3rd Quarter Final Key PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Precalculus 3rd Quarter Final Key PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
