Lenoir, 2015-04-07 A huge bestseller in Europe Frederic Lenoir s Happiness is an exciting journey that examines how history s greatest philosophers and religious figures have answered life s most fundamental question What is happiness and how do I achieve it From the ancient Greeks on from Aristotle Plato and Chuang Tzu to the Buddha Jesus and Muhammad from Voltaire Spinoza and Schopenhauer to Kant Freud and even modern neuroscientists Lenoir considers the idea that true and lasting happiness is indeed possible In clear language Lenoir concisely surveys what the greatest thinkers of all time have had to say on the subject and with charming prose raises provocative questions Do we have a duty to be happy Is there a connection between individual and collective happiness Is happiness contagious Is there a difference between pleasure and happiness Can unhappiness and happiness coexist Does our happiness depend on our luck Understanding how civilization s best minds have answered those questions Lenoir suggests not only makes for a fascinating reading experience but also provides a way for us to see us how happiness that most elusive of feelings is attainable in our own lives **Happiness**

history have shaped the monetary and financial legal system In the closing chapters the book also advances a detailed proposal for a New Global Monetary Order one based on altruism as an alternative to the neoliberal values dominant today
