- Listening with headphones at high volume may affect your hearing. For traffic safety, do not use while driving or cycling.

- Insert the earbuds firmly onto the headphones. If an earbud accidentally detaches and is left in your ear, it may cause injury.

Note on static electricity

In particularly dry air conditions, mild tingling may be felt on your ears. This is a result of static electricity accumulated in the body, and not a malfunction of the headphones. The effect can be minimized by wearing clothes made from natural materials.
