Hax,2009-11-27 Strategy is the most central issue in management It has to do with defining the purpose of an organization understanding the market in which it operates and the capabilities the firm possesses and putting together a winning plan There are many influential frameworks to help managers undertake a systematic

reflection on this issue The most dominant approaches are Michael Porter's Competitive Strategy and the Resource Based View of the Firm popularized by Gary Hamel and C K Prahalad Arnaldo Hax argues there are fundamental drawbacks in the underlying hypotheses of these approaches in that they define strategy as a way to achieve sustainable competitive advantage This line of thinking could be extremely dangerous because it puts the competitor at the center and therefore anchors you in the past establishes success as a way of beating your competitors and this obsession often leads toward imitation and congruency The result is commoditization which is the worst outcome that could possibly happen to a business The Delta Model is an extremely innovative view of strategy It abandons all of these assumptions and instead puts the customer at the center By doing that it allows us to be truly creative separating ourselves from the herd in pursuit of a unique and differentiated customer value proposition Many years of intense research at MIT supported by an extensive consulting practice have resulted in development of powerful new concepts and practical tools to guide organizational leaders into a completely different way of looking at strategy including a new way of doing customer segmentation and examining the competencies of the firm with an emphasis on using the extended enterprise as a primary way of serving the customer This last concept means that we cannot play the game alone that we need to establish a network among suppliers the firm the customers and complementors firms that are in the business of developing products and services that enhance our own offering to the customer Illustrated through dozens of examples and discussion of application to small and medium sized businesses and not for profits the Delta Model will help readers in all types of organizations break out of old patterns of behavior and achieve strategic flexibility an especially timely talent during times of crisis intense competition and rapid change

At Home in the World Daniel Pearl, 2002-06-24 Wall Street Journal reporter Daniel Pearl became the focus of international concern when he was kidnapped by Islamic extremists in Pakistan while investigating a story News of his brutal murder in February 2002 was universally denounced a tragic loss of a good man and a compassionate journalist who was at home anywhere in the world At Home in the World celebrates Pearl's life through 50 of his best stories Edited by his longtime friend and colleague Helene

Cooper At Home in the World gives testimony to Mr Pearl's extraordinary skill as a writer and to his talent for friendship and collaboration. With datelines from the United States and abroad the articles showcase a dogged reporter who never lost sight of the humanity behind the news. A foreword by his widow Mariane Pearl and a contribution by his father Judea Pearl celebrate his desire to change the world, his basic decency and fair mindedness and his sense of fun and love of family. Mr Pearl's eye for quirky stories, many of which appeared in the Journal's iconic middle column and his skill in tracking leads uncovering wrongdoing and making friends of strangers of all backgrounds and cultures are apparent throughout this carefully assembled collection. The selections range from child beauty pageants in the South to the making of the world's largest Persian rug to the Taliban's exploitation of a gemstone market in order to fund terrorism. Anecdotes from friends and colleagues in the introduction to each section provide background context and a glimpse of his life at the Journal. At Home in the World keeps alive Daniel Pearl's spirit through his words and the work that was so important to him.
