Judiciary, 1965 **Submerged: How a Cold Case Condemned an Innocent Man to Hide a Family's Darkest Secret** Hillel Levin, 2024-11-19 This bombshell investigation from the co author of Black Bird reveals a cold case gone wrong that cleared a murderer and imprisoned an innocent man In March 1993 sixteen year old Rayna Rison was abducted outside the La Porte Indiana veterinary hospital where she worked A month later her body was found submerged under tree limbs in a rural pond Police targeted her brother in law Ray McCarty as the prime suspect Although a grand jury indicted him for the murder in 1998 prosecutors later dropped the charges Then in 2013 county officers arrested Jason Tibbs Rayna s middle school boyfriend convicted him and sentenced him to forty years in prison After a two year investigation drawing on dozens of interviews and more than a thousand pages of police files author Hillel Levin completes the case against McCarty following clues and leads that detectives overlooked In the process he reveals startling new information about the killer s murder weapon and accomplices and uncovers the politics and misconduct that enabled the prosecutor to convict Jason Tibbs Although cold cases are celebrated in popular culture Jason s trial shows the perils they can pose for innocent defendants At the heart of Submerged is the tragic story of Rayna Rison an exceptional young woman with a promising future whose family and justice system failed to keep her from harm Ironically the person now held accountable for her murder is the friend she most saw as her protector **Killing Women** Rod Sadler, 2020-09-22 This true crime biography reveals the disturbing story of a serial killer who terrorized central Michigan and now has a chance to go free As a former youth pastor who attended the Michigan State University School of Criminal Justice Don Miller seemed like a decent young man But in 1978 he was arrested for the attempted murder of two teenagers Police soon connected Miller to the disappearances of four women In exchange

for a controversial plea bargain he led police to the missing women's bodies. Now thanks to the deal he was offered and changes to Michigan law Miller is allowed to seek parole once a year. In *Killing Women* author Rodney Sadler examines the crimes the justice meted out and the possibility that Miller could be unleashed on the world once again. **Murder in the Métro** Gayle K. Brunelle, Annette Finley-Croswhite, 2010-05. On the evening of May 16, 1937, the train doors opened at the Porte Dorée station in the Paris Métro to reveal a dying woman slumped by a window, an eight-inch stiletto buried to its hilt in her neck. No one witnessed the crime, and the killer left behind little forensic evidence. This first-ever murder in the Paris Métro dominated the headlines for weeks during the summer of 1937 as journalists and the police slowly uncovered the shocking truth about the victim, a twenty-nine-year-old Italian immigrant, the beautiful and elusive Laetitia Toureaux. Toureaux toiled each day in a factory but spent her nights working as a spy in the seamy Parisian underworld. Just as the dangerous spy Mata Hari fascinated Parisians of an earlier generation, the mystery of Toureaux's murder held the French public spellbound in pre-war Paris as the police tried and failed to identify her assassin. In *Murder in the Métro*, Gayle K. Brunelle and Annette Finley-Croswhite unravel Toureaux's complicated and mysterious life, assessing her complex identity within the larger political context of the time. They follow the trail of Toureaux's murder investigation to the Comité Secret d'Action Révolutionnaire, a secret right-wing political organization popularly known as the Cagoule, or hooded ones. Obsessed with the Communist threat they perceived in the growing power of labor unions and the French left wing, the Cagoule's leaders aimed to overthrow France's Third Republic and install an authoritarian regime allied with Italy. With Mussolini as their ally and Italian fascism as their model, they did not shrink from committing violent crimes and fomenting terror to accomplish their goal. In 1936, Toureaux, at the behest of the French police, infiltrated this dangerous group of terrorists and seduced one of its leaders, Gabriel Jeantet, to gain more information. This operation, the authors show, eventually cost Toureaux her life. The tale of Laetitia Toureaux epitomizes the turbulence of 1930s France as the country prepared for a war most people dreaded but assumed would come. This period therefore generated great anxiety but also offered new opportunities and risks to Toureaux as she embraced the identity of a modern woman. The authors unravel her murder as they detail her story and that of the Cagoule within the popular culture and conflicted politics of 1930s France. By examining documents related to Toureaux's murder, documents the French government has sealed from public view until 2038, Brunelle and Finley-Croswhite link Toureaux's death not only to the Cagoule but also to the Italian secret service for whom she acted as an informant. Their research provides likely answers to the question of the identity of Toureaux's murderer and offers a fascinating look at the dark and dangerous streets of pre-World War II Paris. **Crime and Justice in the United States and in England and Wales, 1981-96** Patrick A. Langan, David P. Farrington, 1998. **31 Murders** Alvin A.J. Esau, 2024-02-20. Many decades before Ted Bundy roamed the country, there was serial killer Earle Nelson. During the 1920s, this geographically mobile killer went from city to city. His modus operandi involved getting into a house by pretending to be a person looking for a room to

rent or inspecting a house that was for sale and then strangling the landlady often followed by having sex with the dead body Robbery was frequently a secondary motive After Nelson was captured in Canada in 1927 it was commonly reported that he had killed 21 women and a baby during the 1926-27 period But were these the only cases linked to him The author examines an additional nine unsolved murders of landladies two of which have never been dealt with in previous literature Based on decades of archival research the author examines all 31 murders relying on primary sources when available and a wide variety of secondary sources For each murder the book provides biographical sketches of the victim outlines the police investigation and the various suspects and covers any subsequent attempts to link Nelson to the crime by identification evidence of witnesses or by fingerprints The Dark Corners of the Lindbergh Kidnapping Michael Melsky, 2021-09-20 This volume of The Dark Corners is not unlike the previous three As with the others you will find information here not found anywhere else This volume is slightly different though with much attention given to what I consider leftovers and loose ends I have also addressed some additional aspects of the Lindbergh kidnapping in which many have expressed interest This includes a chapter on the spy Jacob Nosovitsky and one on Violet Sharp a topic that I have avoided until now

Through surveillance interrogation and a network of local informants the police extended their reach across the public domain and into private life seeing Palestinians as both security threats and vulnerable subjects who needed protection Security practices produced suspicion and safety simultaneously Police Encounters explores the paradox of Egyptian rule Drawing on a rich and detailed archive of daily police records the book describes an extensive security apparatus guided by intersecting concerns about national interest social propriety and everyday illegality In pursuit of security Egyptian policing established a relatively safe society but also one that blocked independent political activity The repressive aspects of the security society that developed in Gaza under Egyptian rule are beyond dispute But repression does not tell the entire story about its impact on Gaza Policing also provided opportunities for people to make claims of government influence their neighbors and protect their families

Imperial Gallows Stacey Hynd, 2023-11-02 Not just a method of crime control or individual punishment in Britain's African territories the death penalty was an integral aspect of colonial networks of power and violence Imperial Gallows analyses capital trials from Kenya Nyasaland and the Gold Coast to explore the social tensions that fueled murder among colonised populations and how colonial legal cultures and landscapes of political authority shaped sentencing and mercy It demonstrates how ideas of race ethnicity gender and civilization could both spare and condemn Africans convicted of murder in colonial courts and also how Africans could either appropriate or resist such colonial legal discourses in their trials and petitions In this book Stacey Hynd follows the whole process of capital punishment from the identification of a murder victim to trial and conviction through the process of mercy and sentencing onto death row and execution The scandals that erupted over the death penalty from botched executions and moral panics over ritual murder to the hanging of anti colonial rebels for terrorist and emergency offences provide significant insights into the shifting moral and political economies of colonial violence This monograph contextualises the death penalty within the wider penal systems and coercive networks of British colonial Africa to highlight the shifting targets of the imperial gallows against rebels robbers or domestic murderers Imperial Gallows demonstrates that while hangings were key elements of colonial iconography in British Africa symbolically loaded events that demonstrated imperial power and authority they also reveal the limits of that power
