PRESS RELEASE

Public Notification – Level III Sex Offender

Port Orchard, WA. – October 15th, 2020

The Port Orchard Police Department (P.O.P.D.) is releasing the following information pursuant to RCW 4.24.550 and the Washington State Supreme Court decision in State v. Ward, which authorizes law enforcement agencies to inform the public of a sex offenders release when; in the discretion of the agency, the release of information will enhance public safety and protection.

The individual who appears on this notification has been convicted of a sex offense that requires registration with the sheriff's office in the county of their residence. Further, their previous criminal history places them in a classification level which reflects the potential to re-offend.

This sex offender has served the sentence imposed on him by the courts and has advised the Kitsap County Sheriff's Department that he will be living in the location below. HE IS NOT WANTED BY THE POLICE AT THIS TIME. THIS NOTIFICATION IS NOT INTENDED TO INCREASE FEAR; RATHER, IT IS OUR BELIEF THAT AN INFORMED PUBLIC IS A SAFER PUBLIC.

The P.O.P.D. has no legal authority to direct where a sex offender may or may not live. Unless court ordered restrictions exist, this offender is constitutionally free to live wherever he chooses.

Sex offenders have always lived in our communities; but it wasn't until passage of the Community Protection Act of 1990 (which mandates sex offender registration) that law enforcement even knew where they were living. In many cases, law enforcement is now able to share that information with you. Citizen abuse of this information to threaten, intimidate or harass registered sex offenders will not be tolerated. Further, such abuse could potentially end law enforcement's ability to do community notifications. We believe the only person who wins if community notification ends is the sex offender, since sex offenders derive their power through secrecy.

The Port Orchard Police Department is dedicated to maintaining our partnership with the community to ensure safety of all who reside here. If you have information regarding current criminal activity, please contact the Port Orchard Police Department or call 911.

Police Report On A Sex Offender:

The Registration and Monitoring of Sex Offenders Terry Thomas, 2012-03-29 This book seeks to provide the first serious and detailed narrative of the conception and implementation of the sex offender registers. It seeks to do so in a clear and easy to follow text that will be both informed and critical. It will also serve as a resource book for those wanting to make further study of the process of registration and monitoring.

Policing Sexual Offences and Sex Offenders Terry Thomas, 2016-08-13 Sexual offending has become a mainstay item of reporting in our daily newspapers and television news bulletins. This book offers an account of the policing of sexual offences and the difficulties that confront the police in the investigation of these intrusive crimes. It surveys the breadth of sexual offences and examines the reporting of sexual crime and the attrition level that follows. It proceeds by critically assessing the efforts the police are making to overcome these difficulties and the degree to which they are making progress. The book outlines the relatively new police role of policing the convicted sex offenders themselves who are living in the community and are subject to risk management by the police and the requirements of the sex offender register held by the police. Written by a leading expert, this timely book will be of great interest to scholars of sexual offending and criminal justice.

The Oxford Handbook of Sex Offences and Sex Offenders Teela Sanders, 2017 The Oxford Handbook on Sex Offences and Sex Offenders provides comprehensive even handed analysis of the myriad of topics related to sex offenses including pornography, sex trafficking, criminal justice responses and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies and challenges involved in addressing sex crimes.

The Sex Offender Register Terry Thomas, Daniel J. Marshall, 2021-04-12 The Sex Offender Register examines the origins, history, structure and legalities of the UK sex offender register and explores how political and public opinion has influenced the direction the policy of registration has taken. Delving into the origins of the UK sex offender register and how the registration policy has evolved, this book provides an understanding of the register and its contribution to public protection while attempting to see the register as a policy that has grown and developed and as having an organic life of its own. The sex offender register is designed as a form of public protection rather than a punishment requiring offenders to notify the police of their circumstances and to accept a degree of offender management from the police. The book puts the development of the register in its political, social and ethical context, considers the position of children and young people as offenders, outlines the movement of registered offenders across international borders, analyses how offenders can be removed from the register, explores how other countries in the UK manage sex offenders through registers, asks questions about the efficacy of the register and what contribution it makes to public protection, looks at specific aspects of registration including the management of information, delves into the experience of life on the register, examines the influence of public opinion, discusses the role of the police as custodians of the register and as offender managers. Exploring the different pressures brought to bear on the register, this book provides an

authoritative starting point for police officers social workers probation officers magistrates students of Criminology Criminal Justice and Policing and the general reader wanting to understand where the UK sex offender register originated from and how it operates today *Sex Offender Registration and Notification* ,1999 **Sex Offenders** Dennise Orlando,1998

Until recently, professionals in both investigation and treatment have considered the fields of sexual violence and domestic abuse as separate and distinct. Numerous studies have shown, however, that these fields may not be so neatly pigeonholed as once believed. Statistics indicate that there is an overlap in both the level and type of violence experienced by victims.
