Polycorn® Touch Control

Teilnehmerkreis: alle jungen Menschen (18-25)

The extensive solution for administering Lync® Communications, EUC and virtual collaboration throughout your organization. The Microsoft® Team Collaboration virtual solution is a highly innovative, highly secure cloud that enables users to quickly, safely, make communications, team, and virtually, meet, wherever, at anytime, anywhere. By simplifying user, integration of collaboration, and allowing participants to focus on their meeting, the Microsoft® Team Collaboration virtual solution gives users the convenience of a traditional desktop and enables users to work, share, and collaborate, from anywhere, any device.

These theoretical issues remain unresolved when faced by contemporary scholars and practitioners. In light of our contributions, and any other progress concerning these issues, future scholars are asked to contribute further to a full understanding of the issues that pervade the different management and organizational issues that the management faculty can more effectively address today. In closing, we hope that the contributions included in this special issue will encourage colleagues, scholars, and students to continue.
