## Polycom® Touch Control

### Telepresence at your fingertips

The intuitive solution for accelerating unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would take hours to solve through traditional interface or technical support. By simplifying user experience and allowing participants to focus on their meeting, the Polycom® Touch Control solution gives instant user access and navigation to telepresence and video content when viewing user information from across the line screen.

#### Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional telepresence environments, and any other group working together and using software applications. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their telepresence system for meeting, finding, managing, viewing, and even sharing content.

Meet and learn content for your meeting using a touch screen device, an instant response and control interface that is also useful for other telepresence, the Polycom® Touch Control solution with the Polycom® HDP and RealPresence® Group Series (with telepresence solution) which can be integrated with Microsoft® Exchange® software or other content management solutions.

The Polycom® Touch Control offers multiple options for a telepresence device, including video or audio-only (HDP or HDP) meeting and video (HDP) content on the Touch Control via Polycom® (control) or on the video screen, or video content directly from HDP RealPresence Conference or Touch Control.

#### Easy to use and deploy

The Polycom® Touch Control device provides a user interface through which users can view, manage, and interact with content. The device is also a fully-featured and integrated to any network connected HDP or RealPresence® Group Series, which can be used to view content. The Polycom® Touch Control device can be deployed in a meeting room, configured to provide user access to a telepresence environment, or deployed in a device room for a telepresence, video or audio solution.

#### Benefits

- Reduced time and complexity in telepresence and telepresence user interface through a highly intuitive interface
- Improved user experience through easy touch control
- Enhanced telepresence capabilities through the Polycom® HDP and RealPresence® Group Series (with telepresence solution) which can be integrated with Microsoft® Exchange® software or other content management solutions
