Fundamentals of Modern Manufacturing Mikell P. Groover, 2010-01-07 Engineers rely on Groover because of the book's quantitative and engineering oriented approach that provides more equations and numerical problem exercises. The fourth edition introduces more modern topics including new materials processes and systems. End of chapter problems are also thoroughly revised to make the material more relevant. Several figures have been enhanced to significantly improve the quality of artwork. All of these changes will help engineers better understand the topic and how to apply it in the field.

Multiple Choice Questions on Energy Arun K. Tripathi, 2011-01-01 Since energy is an important aspect in all sectors it needs to be given a due attention in education and awareness. Multiple Choice Questions on Energy attempts to present the subject in a simple yet comprehensive manner for students and aspirants of various competitive exams. Keeping in view the present trend of various exams the various types of energy have been presented in the form of multiple choice questions which is the most common pattern of examination in every field of study in the science stream. Energy related questions figure in various national level competitive examinations besides featuring in question papers for examinations in bachelor degree courses on engineering and technology. Multiple Choice Questions on Energy contains about 1300 multiple choice questions covering various sectors of energy including mechanical energy, electrical energy, chemical energy, nuclear energy, thermal energy, magnetic energy, sound energy, energy from coal, petroleum, oil and natural gas, renewable energy and energy conservation. An introduction to energy has been presented in a comprehensive yet simplified form. This book is useful for academicians, students pursuing engineering or agriculture related courses, aspirants of various competitive exams, professionals and stakeholders in the energy sector. It can also be a tool for various quiz programmes organized in schools, universities, engineering institutions.
