Board of Statutory Consolidation, 1907 *Report of the Board of Statutory Consolidation: Personal property law to Salt springs law* New York (State). Board of Statutory Consolidation, 1907 *Urban Politics* J. Bellush, Dick Netzer, 2019-07-23 In many respects New York City is an unnatural wonder quite unlike any other American city and also unlike megacities in other industrial countries Its government and politics its physical attributes like the celebrated skyline and high population density and many of its social characteristics like the extraordinarily high percentage of the city's population that is foreign born are different But New York City at the same time shares with other American cities an array of political and governmental institutions practices traditions and

pressures ranging from the long dominance and then long decline in the role of party organizations in local government to the city's ultimate dependence on outside actors and forces to shape its political destiny **Picking Up** Robin Nagle, 2013-03-19 A gripping behind the scenes look at New York's sanitation workers by an anthropologist who joined the force Robert Sullivan author of *Rats* America's largest city generates garbage in torrents 11 000 tons from households each day on average But New Yorkers don't give it much attention They leave their trash on the curb or drop it in a litter basket and promptly forget about it And why not On a schedule so regular you could almost set your watch by it someone always comes to take it away But who exactly is that someone And why is he or she so unknown In *Picking Up* the anthropologist Robin Nagle introduces us to the men and women of New York City's Department of Sanitation and makes clear why this small army of uniformed workers is the most important labor force on the streets Seeking to understand every aspect of the Department's mission Nagle accompanied crews on their routes questioned supervisors and commissioners and listened to story after story about blizzards hazardous wastes and the insults of everyday New Yorkers But the more time she spent with the DSNY the more Nagle realized that observing wasn't quite enough so she joined the force herself Driving the hulking trucks she obtained an insider's perspective on the complex kinships arcane rules and obscure lingo unique to the realm of sanitation workers Nagle chronicles New York City's four hundred year struggle with trash and traces the city's waste management efforts from a time when filth overwhelmed the streets to the far more rigorous practices of today when the Big Apple is as clean as it's ever been An intimate look at the mostly male work force as they risk injury and endure insult while doing the city's dirty work and a fascinating capsule history of the department Publishers Weekly Nagle's passion for the subject really comes to life The New York Times Evokes the physical and psychological toll of this dangerous filthy necessary work Nature Nagle joins the likes of Jane Jacobs and Jacob Riis writers with the chutzpah to dig deep into the Rube Goldberg machine we call the Big Apple and emerge with a lyrical clear eyed look at how it works Mother Jones **New York Supreme Court Appellate Division- First Department**, Annotated Consolidated Laws of the State of New York as Amended to January 1, 1918 New York (State), 1918 *New York Court of Appeals.
