The Atheist Milton Michael E. Bryson, 2016-03-23 Basing his contention on two different lines of argument Michael Bryson posits that John Milton possibly the most famous Christian poet in English literary history was in fact an atheist First based on his association with Arian ideas denial of the doctrine of the Trinity his argument for the de Deo theory of creation which puts him in line with the materialism of Spinoza and Hobbes and his Mortalist argument that the human soul dies with the human body Bryson argues that Milton was an atheist by the commonly used definitions of the period And second as the poet who takes a reader from the presence of an imperious monarchical God in Paradise Lost to the internal almost Gnostic conception of God in Paradise Regained to the absence of any God whatsoever in Samson Agonistes Milton moves from a theist with God to something much more recognizable as a modern atheist position without God in his poetry Among the author s goals in *The Atheist Milton* is to account for tensions over the idea of God which in Bryson s view go all the way back to Milton s earliest poetry In this study he argues such tensions are central to Milton s poetry and to any attempt to understand that poetry on its own terms

published in 1956 *The English Master of Arms* presents a fascinating chapter of social history not merely of fencing It was the common custom of gentlemen to bear arms and the background to this custom is an important aspect of history of manners and conduct Changes in social condition made the weapon an accessory to dress rather than a protective equipment but the enthusiasm for the cult of arms increased Ample encouraged the Master of Arms brought his art ever nearer to perfection at the same time he became a recognised arbiter of conduct for he insisted upon the exact observance of a strict code of honour of courtesy and of self restraint Essentially unassuming he relied for his social influence upon his own example and he seemed to his contemporaries such an unchanging unit in the established order of life that it did not occur to them to hand down their impressions to succeeding generations This book is an effort to remedy their omission by recording from widely scattered sources the simple annals of the English Master of Arms of how he emerged established his schools and taught his art *Abbott's Cyclopedic Digest of All the Decisions of All the Courts of New York from the Earliest Time to the Year 1900* De Witt Clinton Blashfield, George Foster Longsdorf, 1901
