Boating ,2004-01 **Creating Competitive Advantage** Jaynie L. Smith,William G. Flanagan,2006-04-25 Why should I do business with you and not your competitor Whether you are a retailer manufacturer distributor or service provider if you cannot answer this question you are surely losing customers clients and market share This eye opening book reveals how identifying your competitive advantages and trumpeting them to the marketplace is the most surefire way to close deals retain clients and stay miles ahead of the competition The five fatal flaws of most companies They don t have a competitive advantage but think they do They have a competitive advantage but don t know what it is so they lower prices instead They know what their competitive advantage is but neglect to tell clients about it They mistake strengths for competitive advantages They don t concentrate on competitive advantages when making strategic and operational decisions The good news is that you can overcome these costly mistakes by identifying your competitive advantages and creating new ones Consultant public speaker and competitive advantage

expert Jaynie Smith will show you how scores of small and large companies substantially increased their sales by focusing on their competitive advantages When advising a CEO frustrated by his salespeople's inability to close deals Smith discovered that his company stayed on schedule 95 percent of the time an achievement no one else in his industry could claim By touting this and other competitive advantages to customers closing rates increased by 30 percent and so did company revenues Jack Welch has said If you don't have a competitive advantage don't compete This straight to the point book is filled with insightful stories and specific steps on how to pinpoint your competitive advantages develop new ones and get the message out about them The biggest marketing flaw in most companies is their failure to fully reap the benefits of their competitive advantages Either they think they have a competitive advantage but don't Or they have one and don't realize it Or they know they have a strong competitive advantage but fail to promote it adequately to their customers and prospects In my research with middle market companies I found only two CEOs out of 1 000 who could clearly name their companies competitive advantages The other 99.8 percent could offer only vague imprecise generalities These same CEOs often rely on outside consultants to guide strategic planning sessions Yet in my experience very few consultants even seasoned ones give competitive advantage evaluation more than a superficial glance Ignoring your competitive advantages can be an expensive and even fatal mistake Because no matter the size of your company or the kind of business you are in your competitive advantages should be the foundation of all your strategic and operational decisions They're the reasons customers choose to buy from you instead of the other guy From **Creating Competitive Advantage** **The Canaan Promise** Garrtis "Pistol" McLean, 2014-02 God has ordained a predetermined destiny in each and every one of our lives It is our responsibility to learn to let go We have to learn to trust God and trust that through faith in him He always keeps his promises God made a promise to Abraham and although he died before the promise was fulfilled God still brought the promise to pass God never lost a battle from Genesis to Revelation and never will **A Door in the River** Inger Ashe Wolfe, 2021-08-31 A Canadian police detective investigates a death by unnatural causes in this bracingly original mystery series from a first rate crime writer Publishers Weekly Stinging deaths aren't uncommon in the summertime but when Henry Wiest turns up stung to death at an Indian reservation Detective Hazel Micallef senses not all is as it seems And when it turns out the bee was a diabolical teenaged girl on a murder spree with a strange weapon a dark and twisted crime begins to slowly emerge The questions contradictions and bodies begin to mount as two separate police forces struggle to work together to save the soul of Westmuir County **Popular Science**, 2004-07 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Harlequin American Romance April 2014 Bundle** Tina Leonard, Rebecca Winters, Roz Denny Fox, Pamela Britton, 2014-04-01 Harlequin American Romance brings you four new all American romances for one great price available now This Harlequin American Romance bundle
