Bop Apocalypse Martin Torgoff,2025-05-01 The gripping story of the rise of early drug culture in America from the author of the acclaimed Can t Find My Way Home With an intricate storyline that unites engaging characters and themes and reads like a novel Bop Apocalypse details the rise of early drug culture in America by weaving together the disparate elements that formed this new and revolutionary segment of the American social fabric Drawing upon his rich decades of writing experience master storyteller Martin Torgoff connects the birth of jazz in New Orleans the first drug laws Louis Armstrong Mezz Mezzrow Harry Anslinger and the Federal Bureau of Narcotics swing Lester Young Billie

Holiday the Savoy Ballroom Reefer Madness Charlie Parker the birth of bebop the rise of the Beat Generation and the coming of heroin to Harlem Aficionados of jazz the Beats counterculture and drug history will all find much to enjoy here with a cast of characters that includes vivid and memorable depictions of Billie Holiday Miles Davis John Coltrane Jackie McLean Allen Ginsberg William S. Burroughs Jack Kerouac Herbert Huncke Terry Southern and countless others Bop Apocalypse is also a living history that teaches us much about the conflicts and questions surrounding drugs today casting many contemporary issues in a new light by connecting them back to the events of this transformative era At a time when marijuana legalization is rapidly becoming a reality it takes us back to the advent of marijuana prohibition when the templates of modern drug law policy and culture were first established along with the concomitant racial stereotypes As a new opioid epidemic sweeps through white working and middle class communities it brings us back to when heroin first arrived on the streets of Harlem in the 1940s And as we debate and grapple with the gross racial disparities of mass incarceration it puts into sharp and provocative focus the racism at the very roots of our drug war Having spent a lifetime at the nexus of drugs and music Torgoff reveals material never before disclosed and offers new insights crafting and contextualizing Bop Apocalypse into a truly novel contribution to our understanding of jazz race literature drug culture and American social and cultural history

The Message of Love Patrick Mitchel, 2019-09-19 Love such a deceptively simple and popular little word It is universally agreed that we need love to live and flourish as human beings and yet within our contemporary culture there are numerous confusing competing and evolving ideas about what love is There are few greater subjects in Christian theology than love yet it is a surprisingly complex and challenging concept to understand let alone live out faithfully Patrick Mitchel s conviction is that Christians need to be thinking about and practising love in compelling and authentic ways Our task is not only to articulate what love is but also to show to the world what true Christian love looks like in practice The only thing that counts is faith expressing itself through love Gal 5 6 NIV Mitchel s exposition explores love in the Old Testament how the love of God is supremely revealed in the mission and death of Jesus Christ love in the life and teaching of Jesus and the church s calling to be a community of love He helps us to grasp afresh the breadth depth scope and radically counter cultural nature of the Bible s teaching on love With a fully integrated study guide suitable for both individuals and groups **The Message of Love** will help you to see how the Bible s unified teaching on this vital theme can impact your life today
