

Competency Statement 1

Being a teacher for young children I understand and strive to provide a healthy learning environment that helps children grow, develop, and learn. Looking back on these teaching lessons it is important to me to make sure to take what I learned and make sure that I provide the appropriate strategies of the three Functional Areas below to meet Standard 1

Safe: Safety is extremely important and a huge part of childcare, and every parent's biggest concern. My goal is to set up and maintain a safe and a healthy environment for the children. Every day I check my classroom for any hazardous objects and make sure the classroom is set up in an organized way to prevent injuries, as well as making sure all the toys in the classroom are age appropriate. All of the chemicals in the room are stored away and in areas that the children will not be able to reach. In addition, I am also CPR and First Aid certified.

Healthy: good health habits are very important and are practiced throughout the day. I have the children wash their hands before every meal. I sanitize the work surfaces and toys several times a day to wash off the germs and prevent the spread of disease. They are getting a balanced meal full of nutrients with the right portion size for their age group.

Learning Environment: Plenty of activities are provided for the children to partake in throughout the day. When we have free play, I am on the floor at their level to encourage development and praise accomplishments.
