## **Trade Commerce And Security Challenges In The Asia Pacific Region:**

*Trade Commerce and Security Challenges in the Asia Pacific Region* Y K Gera, 2013-08-01 The Asia Pacific region is a dynamic but complex area where much of the history of the 21st Century will be scripted. Although the strategic and economic importance of the region continues to grow, challenges of reconciling national interests with regional and global interests continue. Security architectures during the Cold War were based primarily on military alliances. However, the need today is to base these architectures on shared values, interests, and challenges. We need not only define but believe in these universal values. This book brings out this important aspect of this region and explains them briefly. *Trade Commerce and Security in the Asia Pacific Region* Y K Gera, 2013-07-08 Contributors: Lieutenant General PK Singh PVSM AVSM Retd, Director USI Ambassador Kanwal Sibal IFS Retd, Former Foreign Secretary Shri Asoke Kumar Mukerji, Special Secretary UN Headquarters, Dr Daesung Song ROK, Major General YK Gera Retd, Mr TC Venkat Subramanian, Ex CMD Exim Bank India, Ms Tsun Tzu Hsu Taiwan, Cmde Ranjit B Rai Retd, Vice Admiral PS Das PVSM AVSM VSM Retd, Dr Annika Bolten, Drutschmann Germany, Vice Admiral Arun Kumar Singh PVSM AVSM NM Retd, Sr Col Le Kim Dung Vietnam, Mr Ivan Safranchuk Russia, Major General Dato Pahlawan, Dr William R Stevenson Malaysia, Prof Richard Rigby Australia, Dr Brendan Taylor Australia, Prof Swaran Singh JNU, Sr Col Ms Do Mai Khanh Vietnam, Dr Satoru Nagao Japan, Air Chief Marshal SP Tyagi PVSM AVSM VM Retd, Dr Elichi Kathara Japan, Major General BK Sharma SM Retd, Dr Tuan Yao Cheng, National Chenchi University.

Corporate Security in the Asia-Pacific Region Christopher J. Cabbage, CPP, David J. Brooks, PhD, 2016-04-19 As corporations and governments become more litigious and risk averse, international risk management becomes more complex. *Corporate Security in the Asia Pacific Region: Crisis, Crime, Fraud, and Misconduct* examines real cases of corporate crisis, crime, fraud, and other misconduct that corporate security professionals need to be aware of to effect. *APAIS 1992: Australian public affairs information service*, **Maritime Security in the South China Sea** Shicun Wu, 2016-05-06 Maritime security is of vital importance to the South China Sea, a critical sea route for maritime transport of East Asian countries including China. The adjacent countries have rendered overlapping territorial and/or maritime claims in the South China Sea which complicate the situation of maintaining maritime security and developing regional cooperation there. This book focuses on contemporary maritime security in the South China Sea as well as its connected sea area, the Straits of Malacca and Singapore. It identifies and examines selected security issues concerning the safety of navigation, crackdown on transnational crimes including sea piracy and maritime terrorism, and conflict prevention and resolution. In the context of non-traditional security issues such as maritime environmental security and search and rescue at sea are included. The book explores ways and means of international cooperation in dealing with these maritime security issues. **Current Policy**,

The Role of the Indian Ocean for Global Peace - Interdisciplinary Issues Dr. (Capt.) Vivek Jain,2023-11-02 This book deals with the various interdisciplinary issues of the Indian Ocean individually and collectively such as its history geography nautical elements economics trade routes old and new blue economy deep sea mining fisheries management tourism scourge of piracy pollution Law of the Sea UNCLOS 1982 and the different perspectives of its littoral countries on geopolitics international law international relations and maritime partnerships It is the most important ocean in the world 33% of the global population lives in the area and 50 60% of the world s maritime trade transits through it In addition around 60% of global oil and 26% of global gas reserves along with pristine beaches are located here To comprehend the interdisciplinary issues the editor embarked on a voyage to discover persuade and collaborate with exceptionally brilliant influential experts from prominent littoral countries India Indonesia Iran South Africa Malaysia and Singapore with relevant experience to expound the above subject areas In addition geopolitical conflicts hostilities and trade wars are on the rise war seems inevitable but not imminent Any conflict is likely to originate in other oceans and seas but will end up impacting the Indian Ocean s littoral countries Accordingly these countries must comprehend the interdisciplinary issues and the special role of the Indian Ocean to prevent all encompassing wars hostilities from widening at a global level and thereafter must flesh out plans to shield themselves They must also understand the area s role in working towards global peace by comprehending the above interdisciplinary issues The role of the Indian Ocean in global peace can only be achieved through maritime partnerships between its littoral countries and their avoidance of impulses to invite outside power s to balance each other s power However maritime partnerships are easier said than done At the very least the maritime partnership between two major Indian Ocean littoral powers India and Indonesia is critical to shield the region from geopolitical firestorms Hopefully this maritime partnership s tactic of embracing a carrot and stick approach will eventually persuade global powers from outside the Indian Ocean region to improve their conduct to achieve global peace
