Exploring European Frontiers B. Dolan, 2000-03-02 The explorations of eighteenth century

travellers to the European frontiers were often geared to define the cultural political and historical boundaries of European civilization In an age when political revolutions shocked nations into reassessing what separated the civilised from the barbaric how did literary travellers contemplate the characteristics of their continental neighbours Focusing on the writings of British travellers we see how a new view of Europe was created one that juxtaposed the customs and living conditions of

populations in an attempt to define modern Europe against a yet unenlightened Europe **Judaism in Late Antiquity 3:1**
 Jacob Neusner, Alan Jeffery Avery-Peck, 1998-10 This collection of systematic Auseinandersetzungen articulates difference and spells out what is at issue Learning atrophies when political consensus substitutes for criticism and when other than broadly accepted viewpoints approaches and readings find a hearing only with difficulty if at all The editors therefore have invited colleagues systematically to outline their views in an Auseinandersetzung with contrary ones The several participants explain how in broad and sweeping terms they see the state of learning in their areas of special interest The editors invited leading players in the USA Europe and the State of Israel in the study of ancient Judaism both in Second Temple Times and after 70 C E The work commences with a thoroughly fresh perspective of a theoretical question what in a religion so concerned with social norms and public policy can we possibly mean by law when we speak of law in Judaism It then proceeds with two chapters on Second Temple Judaism and two on the special subject of the Dead Sea library The two papers in the present part provide an overview of matters and a systematic critical account of the fading consensus respectively The next set of papers ought to stand as the definitive account of the diverse viewpoints on a basic question of method Because of the willingness of contending parties to meet one another in a single frame of discourse the work is able to portray with considerable breadth the presently contending viewpoints concerning the use of Rabbinic literature for historical purposes Then proceed a number of other accounts of how matters look from the perspective of major participants in scholarly debate At the same time as the requirements of historical critical reading of the Rabbinic literature precipitated sustained and vigorous debate other problems have attracted attention Among these a critical issue emerges in the hermeneutics to govern the reading of the documents for the purposes of other than historical study feminist interests for example **The Edinburgh Review** ,1872 Dilemmas Of American Self John Hewitt, 2010-04-29 A theory about what it means to be an individual within contemporary American society **Notes and Queries** ,1871 **Confucianism as a World Religion**
 Anna Xiao Dong Sun, 2013 Is Confucianism a religion If so why do most Chinese think it isn't From ancient Confucian temples to nineteenth century archives to the testimony of people interviewed by the author throughout China over a period of more than a decade this book traces the birth and growth of the idea of Confucianism as a world religion The book begins at Oxford in the late nineteenth century when Friedrich Max Müller and James Legge classified Confucianism as a world religion in the new discourse of world religions and the emerging discipline of comparative religion Anna Sun shows how that decisive moment continues to influence the understanding of Confucianism in the contemporary world not only in the West but also in China where the politics of Confucianism has become important to the present regime in a time of transition Contested histories of Confucianism are vital signs of social and political change Sun also examines the revival of Confucianism in contemporary China and the social significance of the ritual practice of Confucian temples While the Chinese government turns to Confucianism to justify its political agenda Confucian activists have started a movement to turn

Confucianism into a religion Confucianism as a world religion might have begun as a scholarly construction but are we witnessing its transformation into a social and political reality With historical analysis extensive research and thoughtful reflection Confucianism as a World Religion will engage all those interested in religion and global politics at the beginning of the Chinese century [Women in Ming China](#) Bret Hinsch,2021-05-03 This groundbreaking work provides an original and deeply knowledgeable overview of Chinese women and gender relations during the Ming Dynasty 1368 1644 Bret Hinsch explores in detail the central aspects of female life in this era including family and marriage motherhood political power work inheritance education religious roles and virtues He considers not only the lived world of women but also delves into their emotional life and the ideals they pursued Drawing on a wide range of Western and Chinese primary and secondary sources including standard histories poetry prose literature and epitaphs Hinsch makes an important period of Chinese women s history accessible to Western readers *Resources in Education* ,1998 **Sadness and Melancholy in**

German-language Literature and Culture Mary Cosgrove,Anna Richards,2012 Focusing on Sadness and Melancholy in German language Literature and Culture volume 6 investigates the often subversive function and meaning of sadness and melancholy in German language literature and culture from the seventeenth century to the present where arguably it has fallen from the heights of melancholy genius and artistic creativity of earlier epochs to become the embarrassing other of a Western civilization that prizes happiness as the mark of successful modern living Interrogating the distinction between sadness as an anthropological constant and melancholy as a shifting cultural discourse the contributions explore how different authors use established literary and cultural topoi from melancholy discourses to comment on topics as diverse as war religion gender inequality and modernity As well as essays on canonical figures including Goethe and Thomas Mann the volume features studies of sadness in lesser known writers such as Betty Paoli and Julia Schoch From publisher s website

The Discipleship Paradigm David Beck,2021-11-15 This volume examines the Fourth Gospel narrative in terms of its character portrayal especially the portrayal of anonymous characters It focuses on how characterization impacts readers eliciting their involvement in the narrative particularly the recognition of and response to Jesus identity and how anonymity facilitates that participation The first chapters examine the understanding of characterization in contemporary literary theory then the author explores other contemporaneous narratives for the function of anonymous characters in those narratives The final chapters examine specific character portrayals in the Fourth Gospel demonstrating how the narratives of anonymous characters draw the reader into participation in the narrative and enables identification with those characters especially the disciple Jesus loved the Johannine paradigm of discipleship **Forthcoming Books** Rose Army,2003 **The Pasha** Letitia W. Ufford,2007-07-30 With striking parallels to recent confrontations in Iraq this is the story of the first Western international coalition to suppress an aggressive Middle Eastern ruler The challenger was Mehemet Ali Pasha called the founder of modern Egypt Convinced that the Europeans would never be able to unite against him he sought with charm

brilliance and bravado to create a powerful Muslim counterweight to the encroaching West Drawing on research on three continents this timely book takes the reader into the heart of a crisis as France Great Britain the Ottoman government and the Pasha of Egypt maneuver to defend their interests in the Eastern Mediterranean Here are the passionate debates among French and British politicians as they struggle to control the Pasha without provoking a European war Here are the battlefields from the Euphrates to Beirut on which Mehemet Ali s modernizing forces created the facts that fed the crisis Here are the Sultan s ministers at Istanbul buffeted by the threats of European ambassadors And here in confrontation is the fascinating Mehemet Ali Pasha in constant conversation with those seeking to deflect him from his dangerous ambition As France began the fortification of Paris as Prussia contemplated the French threat of a war on the Rhine and as British warships flooded the Mediterranean Mehemet Ali sat cross legged on his sumptuous divan looking from his palace out over his beautiful fleet at anchor in the bay of Alexandria and challenged the western world
