the same close attention and ethical responsibility that are accorded to literary texts In this view quantitative and qualitative data are not only collected coded or constructed they are entrusted to the care of their recipient Such attunement yields original insight into silenced erased and neglected subaltern dimensions of the data Davison demonstrates how this methodology provides fresh perspective on pressing topics such as immigration border politics torture war Trumpism violent political speech medical care criminal justice algorithmic governance and the COVID 19 pandemic Bringing together a strikingly original theorization of data with a rich array of examples Close Encounters shows why the skills and methods of literary inquiry are essential to ethically sensitive data analysis *Audio* ,1984 **Educational Screen & Audio-visual Guide** ,1970 Resources in Education ,1991 **Bentley Traditions and Encounters, AP Edition** Herbert Ziegler, Jerry Bentley, 2011-01-12 Traditions and Encounters A Global Perspective on the Past is now available as an AP edition with NASTA spec binding Revisions in the text reflect changes to the AP course and new AP supplements reflect changes in the AP exam Traditions and Encounters has a rich history of firsts the first world history text to take a truly global perspective on the past the first to emphasize connections among cultures and the first to combine twin themes with a seven part framework making the huge story of world history more manageable New features in this edition include Revised Part and Chapter openers reflect the new themes in AP World History New AP test bank and testing resources include two complete AP style practice tests available free with the book New AP Online Learning Center contains a revised AP teacher manual and much more The Primary Source Investigator Online now includes Document Based Questions DBQs This online database offers hundreds of primary sources such as interactive maps charts photos primary source documents audio files and video files with DBQs integrated contextual information on each source and thought provoking questions that show students how historians look at sources Now Traditions and Encounters becomes the first truly interactive world history program with Connect History a new web based assignment and assessment platform offering A fully integrated eBook with powerful tools that help teachers manage assignments and make learning and studying more efficient for students A groundbreaking questioning diagnostic with a personalized study plan to help students understand chapter content Engaging interactivities involving maps and primary sources that sharpen students analytical skills and help them think like historians Numerous primary sources and a supportive tutorial that teaches students how to read and interpret as well as how to write a history paper document sources and avoid plagiarism Handbook of Research on Innovations in Non-Traditional Educational Practices Keengwe, Jared, 2020-12-11 While many school districts and institutions of higher education still cling to the traditional agrarian school year with a factory model delivery of education and Carnegie units based on seat time when most people are no longer farmers factory workers or reliant on learning in a classroom there are bursts of promising practices that buck the norm by questioning the educational value of these traditions Though researchers have investigated the potential of students learning in their own homes via personalized instruction delivered by computers rather than attending traditional institutions the

status quo in education has remained stubbornly resistant to change Mixed reality simulations year round schooling grouping students by competencies instead of age and game based teaching are just a few of the educational innovations that seek to maximize learning by recognizing that innovation is essential for successfully teaching students in the modern era The Handbook of Research on Innovations in Non Traditional Educational Practices is a comprehensive reference source that examines various educational innovations how they have developed workarounds to navigate traditional systems and their potential to radically transform teaching and learning With each chapter highlighting a different educational innovation such as experiential learning game based learning online learning and inquiry based learning and their applications in all levels of education this book explores the issues and challenges these educational innovations face as well as their impact It is intended for academicians professionals administrators and researchers in education and specifically benefits academic deans vice presidents of academic affairs graduate students faculty technology leaders directors of teaching and learning centers curriculum and instructional designers policymakers principals and superintendents and teachers interested in educational change Forthcoming Books Rose Arny,2004 **Power in the Blood** William N.
