Resources in Education ,2001-10 Monks and Literati Seong Uk Kim,2024-11-30 Scholars have long debated the relationship between Buddhist monks and Confucian literati during the late Chos n seventeenth to nineteenth centuries when the Korean state adopted anti Buddhist policies On the one hand it is understood that literati openly displayed hostility toward monks and engineered their persecution on the other they were known to have privately supported Buddhism helping the religion persevere even thrive in the Confucian society In *Monks and Literati* the first book length study in English to provide a comprehensive survey of Buddhism in late Chos n Korea Seong Uk Kim argues that such opposing views overemphasize the role of literati and depict monks as passive actors Kim applies sociologist Ann Swidler's concept of repertoire the social cultural and religious inventory of symbols rules and skills for constructing strategies of action as an analytical tool to reconcile the two narratives and offer a more nuanced and comprehensive picture of the complex literati monk relationship Kim examines the ways monks initiated and developed relationships with literati using their repertoire of cultural and religious resources Monks adopted various roles such as cultural companion spiritual mentor and ritual officiant within and beyond the private realm of Confucian society and in so doing reaffirmed what it meant to be a monk and redefined what Buddhism could be at a time when monks religious identities and activities were constantly being challenged By avoiding the binary frame describing monks as either victims or beneficiaries of literati *Monks and Literati* sheds new light on not only Korean Buddhism in the late Chos n but also more generally East Asian Buddhism where a similar monk literati paradigm has often been applied
