The rest of this page is about the first vehicle, or Unit, involved in the crash. The report documents the vehicle identification number (VIN), driver's contact information and license information, and what, if any, damage the vehicle sustained. Any citations given to the driver are also documented here, as are the driver's known injuries. If the driver was tested for drugs or alcohol, that too is documented here.

Any passengers in the first vehicle are listed in the Passengers section, including names, contact information, and level of injury. Injured passengers are listed first. There is additional space below to include contact information for the vehicle owner (if not the driver), any uninjured passengers, and witnesses.
