Trails Merge English Edition:

Full English Rachel Spangler, 2019-02-12 After a publicly humiliating divorce best selling author Emma Volant runs away to hide in the seaside English village of Amberwick where she doesn't know another living soul. She wants nothing more than to surrender to her broken heart in private. However, when the locals discover their newest resident is world famous, they gather at the local pub and hatch a plan to draw Emma out of her self-imposed isolation, hoping her celebrity status will elevate the village's reputation to something more than a holiday hotspot. It doesn't take long for them to try to rope their favorite bartender Brogan into the act. Born and raised in Amberwick, Brogan McKay has built a comfortable life by never overreaching. Part-time jobs and short-term flings have always been good enough for her, but when she meets her beautiful and wounded new neighbor, Brogan realizes Emma has the potential to wreck the carefully controlled expectations she uses to protect her heart. Despite their obvious attraction and growing friendship, both Emma and Brogan are in firm agreement that neither of them is in a position to look for love, but how long can they fight their fears and desires as the events and people around them all conspire to create a full English love story.

Plain English Rachel Spangler, 2022-02-15 Reconnect with your favorite characters from Rachel Spangler's best-selling romances *Full English* and *Modern English*. When Claire Bailey left London to open her own art gallery in the tiny village of Amberwick, she'd hoped the slower pace and lower cost of living might allow her to focus on her own painting away from all the drama and distractions that had plagued her in the city. She fully intended to make an honest go at simple living right up until the moment a shockingly attractive aristocrat rocketed off the road and knocked her world off its axis. Pip has learned to play the part of a never-do-well upper elite: charismatic, enigmatic, and a little bit erratic. Luckily, women tend to like those characteristics. After leading such a charmed existence where even motorcycles wreck come with the added bonus of meeting beautiful women, Pip finds that Claire's complete lack of interest in money or status sparks both curiosity and attraction. Surrendering to both boredom and sheer chemistry, the two agree to an unconventional, no-strings romantic adventure designed to provide them both a bit of freedom and entertainment. However, once released from the pressure to project perfect images of themselves, the walls they depended on for protection begin to crumble. Worlds blend and identities blur as their whirlwind romance quickly becomes more than they bargained for. Will their almost elemental attraction be enough to overcome the complexities rushing in from all sides? Or will the pressures they've both sought to escape force them to forge a new path neither of them had dared to dream of?

The Local Origins of Modern Society David Rollison, 2005-08-11 Through a series of sharply focused studies spanning three centuries David Rollison explores the rise of capitalist manufacturing in the English countryside and the revolution in consciousness that accompanied it Combining the empiricism of English historiography with the rationalism of Annales and drawing on ideas from a wide range of disciplines he argues that the explosive

implications of the rise of rural industry created new social formations and altered the communal cultural and social contexts of peoples lives Using localized case studies of families and individuals the book starts with significant detail and moves out to build up a subtle and innovative view of English cultural identities in the early modern period *Musings on Indian Writing in English: Poetry* N Sharada Iyer,2005 Jerusalem on the Amstel Lipika Pelham,2019 This is the fascinating and previously largely unknown history of Amsterdam s unlikely Jewish Nation prosperous community of Catholic converts fleeing the Spanish Inquisition *Backpacker* ,2000-08 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured **Ecology, Myth, and Mystery** N. Vexed with Devils Erika Gasser,2019-12-15 Stories of witchcraft and demonic possession from early modern England through the last official trials in colonial New England Those possessed by the devil in early modern England usually exhibited a common set of symptoms fits vomiting visions contortions speaking in tongues and an antipathy to prayer However it was a matter of interpretation and sometimes public opinion if these symptoms were visited upon the victim or if they came from within Both early modern England and colonial New England had cases that blurred the line between

witchcraft and demonic possession most famously the Salem witch trials While historians acknowledge some similarities in witch trials between the two regions such as the fact that an overwhelming majority of witches were women the histories of these cases primarily focus on local contexts and specifics In so doing they overlook the ways in which manhood factored into possession and witchcraft cases *Vexed with Devils* is a cultural history of witchcraft possession phenomena that centers on the role of men and patriarchal power Erika Gasser reveals that witchcraft trials had as much to do with who had power in the community to impose judgement or to subvert order as they did with religious belief She argues that the gendered dynamics of possession and witchcraft demonstrated that contested meanings of manhood played a critical role in the struggle to maintain authority While all men were not capable of accessing power in the same ways many of the people involved those who acted as if they were possessed men accused of being witches and men who wrote possession propaganda invoked manhood as they struggled to advocate for themselves during these perilous times Gasser ultimately concludes that the decline of possession and witchcraft cases was not merely a product of change over time but rather an indication of the ways in which patriarchal power endured throughout and beyond the colonial period *Vexed with Devils* reexamines an unnerving time and offers a surprising new perspective on our own using stories and voices which emerge from the records in ways that continue to fascinate and unsettle us
