Allen,2020-07-30 The Book of Revelation is a disorienting work full of beasts heavenly journeys holy war the End of the Age and the New Jerusalem It is difficult to follow the thread that ties the visions together and to makes sense of the work s message In Manuscripts of the Book of Revelation Garrick Allen argues that one way to understand the strange history of Revelation and its challenging texts is to go back to its manuscripts The texts of the Greek manuscripts of Revelation are the foundation for the words that we encounter when we read Revelation in a modern Bible But the manuscripts also tell us what other ancient medieval and early modern people thought about the work they copied and read The paratexts of Revelation the many features of the manuscripts that help readers to interpret the text are one important point of evidence Incorporating such diverse features like the traditional apparatus that accompanies ancient commentaries to the random marginal notes that identify the true identity of the beast paratexts are founts of information on how other mostly anonymous people interpreted Revelation s problem texts Allen argues that manuscripts are not just important for textual critics or antiquarians but that they are important for scholars and serious students because they are the essential substance of what the New Testament is This book illustrates ways that the manuscripts illuminate surprising answers to important critical questions We can learn to read the manuscripts even if we don t know the language **Psychological Anthropology** Robert A. LeVine,2010-04-26 Psychological Anthropology A Reader in Self in Culture presents a selection of readings from recent and classical literature with a rich diversity of insights into the individual and society Presents the latest psychological research from a variety of global cultures Sheds new light on historical continuities in psychological anthropology Explores the cultural relativity of emotional experience and moral concepts among diverse peoples the Freudian influence and recent psychoanalytic trends in anthropology Addresses childhood and the acquisition of culture an ethnographic focus on the self

Johnson, Mauro Carbone, Emmanuel de Saint Aubert, 2020-08-04 Merleau Ponty has long been known as one of the most important philosophers of aesthetics yet most discussions of his aesthetics focus on visual art This book corrects that balance by turning to Merleau Ponty s extensive engagement with literature From Proust Merleau Ponty developed his conception of sensible ideas from Claudel his conjoining of birth and knowledge as co naissance from Val ry came implex or the animal of words and the chiasma of two destinies Literature also provokes the questions of expression metaphor and truth and the meaning of a Merleau Pontian poetics The poetic of Merleau Ponty is the book argues a poetic of the flesh a poetic of mystery and a poetic of the visible in its relation to the invisible Ultimately theoretical figures or figuratives that appear at the threshold between philosophy and literature enable the possibility of a new ontology What is at stake is the very meaning of philosophy itself and its mode of expression **Renegade Kids, Suburban Outlaws** Wayne S. Wooden, Randy Blazak, 2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society **The Christology of Karl Barth and Matta al-Miskin** Hani Hanna, 2019-07-02 In The Christology of Karl Barth and Matta al Miskin Hani Hanna argues that two of the most renowned theologians of the twentieth century Karl Barth and Matta al Miskin Matthew the Poor redefine the reality of God and humanity christologically in similar ways Both theologians achieve this redefinition using historical rubrics that are closer to Scripture than the traditional metaphysical categories borrowed from Greek philosophy Rooted in their respective Reformed and Coptic Orthodox traditions their works can be placed in a dialogue that takes into account modern concerns about history revelation and human agency By providing an in depth analysis of both men s christologies Hanna also finds that Barth and Matta s christological view of reality has implications for interfaith and intercultural dialogues today
