Phantom Shot Eyewitnesses Solve The Jfk Assassination:

Phantom Shot Mike Majerus, Jack Nesson, 2013-10-11 For more than half a century the JFK assassination has been shrouded in mystery Many have been blamed including the CIA the Secret Service Fidel Castro the Russians the mafia right wing extremists and Lyndon Johnson The true facts have been buried for decades beneath layers of distortions and misinformation The solution to the assassination has always been right under our noses hidden in plain sight The key lies in the number of shots fired The two official U S government investigations came to different conclusions on this issue and both got it wrong In the fog of war the press got it wrong too beginning with the first bulletin sent out over the wires just minutes after the shooting A consensus groupthink soon emerged that did not reflect what really happened in Dallas Nonstop reporting of inaccurate information actually caused witnesses to change their stories about what they really saw and heard that day Phantom Shot analyzes the statements of key eyewitnesses some of which were recorded just minutes after the shooting before groupthink set in Many of these witnesses were ignored by the government investigations Their statements unravel the mystery of the assassination once and for all Phantom Shot answers these questions and many more How many shots were really fired Was there a shot from the grassy knoll Was Oswald the sole assassin Was he part of a conspiracy Was Jack Ruby sent by the mob to silence him Did J Edgar Hoover and others in the FBI know the solution to the assassination in 1964 and cover it up Why did the Warren Commission ignore the statements of key eyewitnesses

The Assassination of JFK Robert A. Wagner, 2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating

why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit

explanations of the scientific processes used to collect and examine evidence in the investigation into the assassination of John F Kennedy Students will be fascinated by how the tiniest bit of evidence can be used to solve the most puzzling mysteries Includes sidebars containing first person accounts of that fateful day in Dallas A fact versus fiction section helps students focus on salient details JFK Matthew Smith,1992 The assassination of President John F Kennedy on 22 November 1963 remains one of the greatest mysteries of the twentieth century At the centre of the puzzle stands the enigmatic figure of Lee Harvey Oswald who was himself killed by Jack Ruby only days after Kennedy s death Few people today believe the official explanation that Oswald was the sole assassin Eyewitness accounts film shot at the time and acoustic medical and photographic evidence all point to a second gunman and a second gunman points to the most feared scenario a conspiracy But despite many theories involving the Mafia the Russians and the CIA no one has yet come up with a convincing explanation of Oswald s precise role in the President s murder After 30 years of research Matthew Smith has uncovered the second plot the plot in which Oswald s true role in the assassination is exposed and the unmasking of a second plot leads naturally to the first In this extraordinary and important book we learn for the first time who Oswald really was who he was working for and what his true role was in the macabre enterprise In JFK The Second Plot the machinations behind Kennedy s assassination are exposed for all to see Book jacket **Praise from a Future Generation** John Kelin,2007 Finely written and meticulously documented this book describes how very early on a small group of ordinary citizens began extraordinary efforts to demonstrate that the JFK assassination could not have happened the way the government said it did In time their efforts had an enormous impact on public opinion but this account concentrates on the months before the controversy caught fire when people with skeptical viewpoints still saw themselves as lone voices Material seldom seen by the public includes a suppressed photograph of the grassy knoll an unpublished 1964 interview with an eyewitness the earliest mention of the magic bullet and an analysis of the commotion surrounding New Orleans district attorney Jim Garrison s charge that anti Castro CIA operatives were involved Head Shot G. Paul Chambers,2010 What more can be said about the assassination of President John F Kennedy A great deal according to this author a physicist and ballistics expert Drawing on his fifteen years experience as an experimental physicist for the US Navy the author demonstrates that the commonly accepted view of the assassination is fundamentally flawed from a scientific perspective He claims that the physics behind lone gunmen theories is not only wrong but impossible The author devotes separate chapters to the Warren Commission challenges to the single bullet theory the witnesses how science arrives at the truth the medical and acoustic evidence the Zapruder film and evidence for at least a second rifleman in Dealey Plaza
