## Unit 2 – Types of Computer Network

## MODULE OVERVIEW

In this module we will discuss the various types of computer networks available. We can classify them according to their size as well as their purpose. The size of a network has to be expressed by the geographic area and number of computers, which are a part of their networks. It includes devices housed in a single room to millions of devices spread across the world.

## MODULE LEARNING OBJECTIVES

At the end of this, students are expected to:

1. Enumerate and describe the different types of computer network and its implementation.

## LEARNING CONTENTS Types of Network)

## Types of Network
