Never Wars The Us Plans To Invade The World:

Never Wars Blaine L. Pardoe ,2017-05-17 Every major government s military makes plans for waging wars hoping that they never have to be employed In the early part of the last century the US government prepared a number of war contingency plans for invading a number of nations both hostile and friendly These color coded plans were designed for various political and military events some of which actually unfolded in the Second World War *Never Wars The US War Plans to Invade the World* explores and provides details on a number of these key military invasion plans their triggers units involved etc Some of these plans if executed would have altered the globe or changed the events of the twentieth century and beyond Included with this was the 1914 war plan against a triumphant Germany a 1935 plan to attack Great Britain the 1920s US plans to land forces in Mexico to topple their government a plan for invading China and even a 1905 strike into the heart of Canada From a plan to invade the Azores to an incursion into Cuba *Never Wars* presents never before published plans for the US to strike out at the world *What If . . . Book of Alternative History* Jeff Greenfield,2023-08-15 Have you ever wondered what the world would be like if history had happened differently What if Watergate hadn t been uncovered Communism had failed Japan had not struck Pearl Harbor The Cuban Missile Crisis had escalated The Vikings had colonized North America Rome never fell The Soviets had won the space race The Beatles had never formed In compelling narratives historical experts consider these and many more intriguing questions in this fascinating look at what might have been Each monumental event includes detailed articles by historians professors and scholars that pose hypothetical answers to various questions potential timelines and full color illustrations that detail a different outcome Praise for Jeff Greenfield s works of alternative history Shrewdly written often riveting *The New York Times* A fascinating premise *Publishers Weekly* Thoughtful and sophisticated a book political junkies will adore *The Washington Post* Well researched and thought through an interesting plausible exercise *Kirkus Reviews* *Public Papers of the Presidents of the United States* United States. Gunter,2011-12-01 During World War II Academy Award winning director Frank Capra 1897 1991 made propaganda films for the U S Government such as *Prelude to War* *The Nazis Strike* *The Battle of Britain* *War Comes to America* and *The Negro*

Soldier These entries in the Why We Fight documentary series have been largely neglected by Capra scholars This work analyzes the cinematic and thematic techniques Capra employed in these films linking them to the techniques and ideology of the director s popular mainstream narrative films including It Happened One Night Mr Deeds Goes to Town and Mr Smith Goes to Washington Also analyzed are the manners in which Frank Capra s war service affected his later films notably his 1946 masterpiece It s a Wonderful Life and how Capra s belief in individual liberty shaped both his films and his career under the oppressive Hollywood studio system

America's War Machine James McCartney, Molly Sinclair McCartney, 2015-10-27 A veteran Washington reporter reveals how years of military slanted domestic and foreign policy have turned the U S into a perpetual war machine When President Dwight D Eisenhower prepared to leave the White House in 1961 he did so with an ominous message for the American people about the disastrous rise of the military industrial complex Fifty years later the complex has morphed into a virtually unstoppable war machine one that dictates U S economic and foreign policy in a direct and substantial way Based on his experiences as an award winning Washington based reporter covering national security James McCartney presents a compelling history from the Cold War to present day that shows that the problem is far worse and far more wide reaching than anything Eisenhower could have imagined Big Military has become too big to fail and has grown to envelope the nation's political cultural and intellectual institutions These centers of power and influence including the now complicit White House and Congress have a vested interest in preparing and waging unnecessary wars The authors persuasively argue that not one foreign intervention in the past 50 years has made us or the world safer With additions by Molly Sinclair McCartney a fellow journalist with 30 years of experience *America's War Machine* provides the context for today's national security state and explains what can be done about it

Propaganda, Communication and Empire Sumanth Inukonda, Oliver Boyd-Barrett, Lara Martin Lengel, 2025-04-22 This volume interrogates the mediatized politics of western intervention in Afghanistan to gain a deeper understanding of the occupation within the broader transition toward a multipolar global order Accurate histories of western interventions and regional realities are often obscured or even eclipsed in the accounts of western mainstream media which if anything tend to rue the withdrawals and lionize the suffering of returning troops This volume investigates the state's role in the dark underbelly of the shortsighted interventionist media narrative as well as the dehumanizing portrayals of people living in the Afghanistan Pakistan region In its opening section the book critically evaluates the narrative of the Global War on Terror as well as the wars launched after 9 11 that destabilized the Middle East The chapters in the following section contextualize developments in Afghanistan with a historical framework that will problematize linear narratives that are mobilized in support of interventions The chapters in the final section represent specific aspects of the geopolitical and humanitarian consequences that have eluded mainstream media workers including journalists and Hollywood moviemakers This book will be of interest to students of propaganda studies media and
