United States Code 2012 Edition Supplement V, **How German Parties Select Candidates of Immigrant Origin** Sara Ceyhan,2020-10-31 This book analyzes the threshold candidates of immigrant background need to overcome to run for legislative office Understanding whether political parties are able to adapt their selection criteria helps to assess their ability to respond to the underrepresentation of citizens of immigrant origin in parliament Although Germany's ethnic diversity is on a steady rise citizens of immigrant origin remain descriptively underrepresented Despite the pivotal role the intra party candidate selection plays in shaping who runs for election the question of how candidates of immigrant background fare in political parties candidate selection in comparison to native born candidates remained a blind spot of research Therefore the author presents in depth empirical evidence on the selection of candidates of immigrant background in German political parties The book addresses scholars of political science interested in electoral studies as well as policy makers and party officials interested in a balanced representation of their political representatives

Critical Perspectives on Teachers and Teaching Jessica Holloway,2024-02-08 This book draws attention to the new ways the field of education is problematising the emerging and evolving conditions that shape the work lives and identities of teachers It offers geographically diverse accounts of the teacher and teaching demonstrating what it means to do critical research well Teachers and their practice have been and continue to be important sites of critical research This book offers varied perspectives from diverse geographies to examine how teacher subjectivities are shaped by conditions of possibility Collectively they show how critiquing conditions rather than the teachers themselves provide a means for problematising the teacher while also advocating the well being of teachers as humans Contributions offer compelling examples of how critical scholars can emphasise teaching as a political and value laden exercise and therefore treat the teacher subject as also being constituted through political and value laden discourses Critical Perspectives on Teachers and Teaching offers a provocation to inspire new questions moving forward That is critical researchers have an obligation to challenge taken for granted assumptions not only by looking outwards at the policymakers edu businesses and intergovernmental agencies e g OECD but also by looking inwards and challenging their assumptions about power discourse and subjectivity This book was originally published as a special issue of Critical Studies in Education

A Functional Linguistic Perspective on Developing Language Anne McCabe,2021-06-23 This volume offers a comprehensive account of language development from a Systemic Functional Linguistic SFL perspective integrating theory and data from a wide range of research studies The book begins by taking an in depth look at SFL theory and its focus on texts highlighting the

metafunctional nature of language and the ways in which individuals repertoires of meaning making resources develop as they interact with the world and with others Grounded in an SFL approach the successive chapters consider in turn the key stages of language development from infancy to school settings to additional second and foreign language learning contexts Each chapter incorporates a range of SFL studies to demonstrate shifts in language development across these stages but also the discussion of other functional perspectives to examine the ways in which these different approaches inform one another A concluding chapter considers the implications of these studies for future research as well as for pedagogical practices in literacy teaching In its consideration of the relationship between SFL theory and its application to language development this book will be key reading for students and scholars in Systemic Functional Linguistics language and education and literacy studies
