Seducing The Gym Teacher:

DISHONOURABLE SEDUCTION Angela Wells, Amie Hayasaka, 2018-03-10 Ginny's father collapsed and now she must manage the company while he's ill. But she's only just graduated college and the task is proving too much for her. After she makes a serious blunder one of her customers a gorgeous Greek man comes to talk to her. Furious he says that he's a friend of her father's and he wants to discuss business over dinner. She's afraid that if she turns him down he'll stop doing business with them so she accepts his invitation for her father's sake. But Ginny finds herself swept away by his clever advances and before she knows it she's kissing him.

Seduction Catherine Gildiner, 2010-05-21 During her decade in prison Kate Fitzgerald has learned a few things. The best way to survive is to absorb yourself in your own world. Never make eye contact with your fellow inmates. And the last person you can trust is your prison psychiatrist. Not only is he likely to be lazy and incompetent, really, why else wouldn't he be getting rich off of well-heeled clients instead? But if you complain about him you're going to be labelled as a permanent malcontent and denied parole. So when Dr Gardonne offers Kate a temporary absence and a job working for him she only takes it because she knows that turning him down could be worse for her in the long run. Counted in prison years of course. But the real challenge is figuring out why he would choose her. On the surface it's pretty clear. Kate has spent her incarceration immersing herself in the writings of Sigmund Freud and has become a recognized expert on his work. Dr Gardonne represents the members of a psychoanalytic organization that is being attacked at its core. Anders Konzak, the hand-picked director of the Freud academy, has been boasting to the media that his new research on Freud will bring the entire profession of psychoanalysis to its knees. He's also been receiving death threats. And Kate, as an outsider, is the only one Konzak will talk to. Though she doesn't trust Gardonne, Kate accepts his offer and she races to uncover Konzak's secrets before he publishes his work. Never one to work well with others, Kate is less than thrilled to find out Gardonne has hired a private detective to be her partner. Jackie Lawton is a hardened ex-con who has spent most of his life in prison and only recently turned things around by starting his own business. From the moment the two meet, Kate sees that it won't be easy working with a man who isn't really interested in the intellectual battle at hand and who keeps her prison time at the forefront of every conversation. And can he really be trusted? When key players who were all last seen with Kate begin to turn up dead, there's the very real possibility she's being set up by Gardonne. After all, who would believe the word of a convict serving time for murdering her husband? All she can hope is that following the threads of Konzak's research to his sources will keep her one step ahead of Gardonne and lead her to the real killer.

King,2020-04-13 After his wife loses interest in him fifty year old Dave Barndon turns to the dark side of the Internet and sex chat rooms There he finds willing partners who are happy to fulfill his needs with no strings attached But they aren t the only ones looking to play When a woman he had an affair with is murdered he becomes the prime suspect He thinks his alibi is solid until a second woman is murdered and then a third He fights for his freedom and redemption while the body count rises He must figure out who is framing him and why before the killer strikes again *Zebratown* Greg Donaldson,2010-08-24

Eight years in the making this edgy in depth account follows a black felon s attempt to find a new life for himself with a white woman in a small town neighborhood where as the book s title implies such relationships are common A remarkably intense read Zebratown reveals a rhythm of life spiked with violence betrayal sex and the emotional dangers created by passionate love Greg Donaldson s Zebratown follows the life of Kevin Davis an ex con from Brownsville Brooklyn who after his release from prison moves to Elmira New York and takes up with Karen a young woman with a six year old daughter Kevin is seemingly the embodiment of hip hop gangsterism a heavily muscled feared thug who has beaten a murder rap And yet as Donaldson s stunning reportage reveals Kevin has survived on the streets and in prison with a sharp intelligence and a rigid code of practical morality and physical fitness while yearning to make a better life for himself and be a better man Month by month and year by year Donaldson follows Kevin and Karen s attempt to make a home together a quest made harder by Kevin s difficulty finding legal employment The dangerous lures of the street remain for him both in New York City and in

Zebratown and he is not always successful at avoiding them. Meanwhile as Kevin and Karen struggle the reader comes to care for them even as they act in ways that society may not condone. Theirs is a complex story with many moments of drama, suffering, desire, and revelation, a story that is frequently astonishing and unforgettable to the end. Like Adrian Nicole LeBlanc in *Random Family*, Donaldson explores a largely hidden world; such immersion journalism is difficult to achieve but uniquely powerful to read. In addition to spending long periods with Kevin and Karen, Donaldson interviews policemen, judges, family members, and others in Kevin and Karen's orbit, providing a remarkably panoramic account of their lives. Relationships between white women and black men have long been a hot issue in American culture. Even years after the 2008 presidential election, when society has in some ways seemingly moved on to a post-racial perspective, people still have a lot to say about interracial relationships. *Zebratown* takes us into the heart of one and offers the paradoxical truth that while race is rarely not an issue in such relationships, in the end, what transpires between a couple is intensely individual. Meanwhile, the difficulty that ex-cons have successfully reentering society is an ongoing problem for them, their families, and the communities where they live. *Zebratown* makes this struggle real as Kevin Davis confronts not only his criminal record and his poor formal education but the cruelties of the postindustrial economy. Both his and Karen's stories resonate powerfully with twenty-first century American reality, and in telling them, Greg Donaldson confirms his position as one of the most intrepid journalists at work today.

Rules of Entanglement: Fighting For Irish Sweet Victory **Introduction to Criminology** Pamela J. Schram, Joseph A. Schwartz, Stephen G. Tibbetts, 2023-10-24 If you are considering a career in any aspect of criminal justice and you want to know more about the motivations and socio-psychological makeup of serious offenders, then this book is for you. *Introduction to Criminology: Why Do They Do It* applies the dominant theories in the existing criminological literature as to why people commit crimes. In addition, we examine many recent as well as many hypothetical examples of serious crimes and we demonstrate applications of theory as to why the offenders did what they did. While other textbooks do a decent job in discussing the basic theories as well as exploring the various types of crime, our book integrates various street crimes within each chapter and applies theories that are appropriate in explaining such criminal activity. This is extremely important because most instructors never get to the latter typology chapters in a given semester or term. So our approach is to

incorporate them into the theoretical chapters in which they apply directly to the theories presented. Our specific examples and true stories such as notable serial killings and other recent crimes in each chapter as well as our use of established theoretical models to explain the offenses is another primary distinction of this book. Obviously this book is meant to be central to an introductory course in criminology but due to the emphasis on applied theoretical explanations it is also appropriate for higher level undergraduate and graduate courses in criminological theory or as a reference for anyone in the field of criminal justice. In it we have integrated true crimes and some hypothetical examples both on a general level such as in the Applying Crime to Theory sections and more specifically in the Why Do They Do It sections which often involve serial killings, mass murderers or other notorious examples of offenders offending. The subtitle of our book Why Do They Do It relates to our theme. Our goal in writing this book was to apply established theories of crime which are often seen as abstract and hypothetical to real crimes that have occurred as well as to hypothetical ones that are quite likely to occur. To this end we explore the various reasons for offending or the why they do it in various cases from the first documented serial killers in the United States the Harpe Brothers in the late 18th century to California cop killer spree killer Christopher Dorner in 2013 and then Payton S Gendron who massacred 10 Black shoppers at a grocery store in Buffalo New York in 2022. Importantly throughout these discussions of actual crimes we will apply theories. As you will see some of the theories that applied to the earliest crimes seem to apply to the most modern crimes as well. Unlike other authors in this field we chose not to include separate chapters on violent or property crimes because we have worked those into and applied them to the theories explored in each chapter. We strongly believe that by integrating discussions of such serious crimes all crimes previously identified by the FBI as Index or Part I offenses including murder, rape, robbery, aggravated assault, burglary, motor vehicle theft, larceny and arson as well as other crimes such as simple assault and driving under the influence into the theoretical chapters provides the best exploration of why people commit such offenses. And the flip side is good as well by discussing offenses together with theories we show you how to apply theories toward explaining other instances of criminal behavior. Again this goes back to our theme of why do they do it. It demonstrates our goal: Apply the appropriate theories for the specific crime.
