The Economical Guide to Self-Publishing Linda Radke,2023-04-12 During a tough economy when traditional publishers are tightening their belts and accepting fewer authors printing less books and

spending less on promoting books they've already printed a writer's dream of becoming a published author doesn't have to end or even be put on hold Unpublished and published authors alike learn valuable tips to successfully and profitably self-publish and market books from the updated second edition of *The Economical Guide to Self Publishing How to Produce and Market Your Book On a Budget* written by 24-year veteran publisher Linda F Radke owner of Story Monsters LLC a producer of award-winning traditionally partnership and self-published books for all ages Authors that follow Radke's expert advice will get their work to readers faster while maintaining creative control and making more money There used to be a taboo about self-published books but not anymore says Radke I have personally consulted many authors on the path to publishing getting their books into major bookstores and distributed by major distribution houses as well as garnering them distinguished industry awards The secret is in creating a quality product and knowing the ropes which I reveal in detail in *The Economical Guide to Self Publishing* While Radke's manual gives writers the nuts and bolts of publishing such as copywriting acquiring an ISBN editing typesetting printing and distributing etc in an easy to digest manner it doesn't end there Readers also receive an invaluable arsenal of conventional and sometimes unconventional methods for marketing promoting and obtaining free publicity In addition to updating all information to remain current with the times and ever-changing publishing industry the second edition of *The Economical Guide to Self Publishing* includes brief articles from other traditionally and self-published authors who share their candid experiences on the front lines of promoting books

Self-Publishing Manual for Engineers and Architects Frank Talania, Walter Everly, 2000-04 *Self-Publishing for the Average Person* Marijoyce Porcelli, 2011-08-01 This is a clear and concise step-by-step guide that will allow even the novice to self-publish a book for free using this manual along with the print-on-demand services provided by the company Create Space If you know how to use a simple computer word processing program and have access to the Internet then you can self-publish your own book for free This is not however just a book that tells you to go to Create Space and follow directions there While I do take you step-by-step through each part of the self-publishing process and offer cautions when I think they are needed there is much more information about how to self-publish presented in this book Several early chapters cover how to prepare a manuscript for self-publication I give you handy tricks and tips I have learned on how to spot and avoid some common mistakes that are often made in self-publishing I explain the process I tell you different ways you can illustrate your book for free I explain whether you need to copyright your work or not and if so I provide information how to do that I tell you how to create the interior of your book how to choose the size of your book before you even start your manuscript how to create a nice-looking cover for your book for free using your own images or personal photos if you wish and more much much more There is no need to give hundreds sometimes thousands of dollars to a professional book manufacturer or vanity press to put your work into print You can do the same thing yourself and you can do it for free If you don't already have all the necessary programs needed for self-publishing installed I provide links where you can download these for free

and I give you step by step instructions on how to use each one I even tell you where you can get stock photos for illustrations for free as well as advise about several photo editing programs you can use also for free One such free download of a very good photo editing program is similar to the more expensive photo program Photoshop only without the higher price And there is even more How do I know so well what you need here Because I am not a professional book manufacturer nor am I in any way affiliated with Create Space I chose them because I like their finished products and they have an excellent support staff I was once just a beginner like you might be right now I was someone who working within a limited budget figured out the process of self publishing my own books for free Because I was once exactly where you may be right now I understand that you need concise and detailed but simplified instruction that you need a complete step by step guide that will literally lead you by the hand so to speak in helping you put your own book together for free And I know that you need to know all the ins and outs of the process not just the nuts and bolts of the self publishing process itself although that is thoroughly covered as well Once I understood all the ins and outs of this self publishing process once I ironed out all the kinks that the average person will usually face once I figured out where to download all the free programs needed and so on I have since published several of my own books and will continue to do so i have also helped others who never dreamed they could self publish a book put their own editions together So if you can use a computer word processing program there are loads of them available and most work in a similar fashion but I cover only the two most popular Microsoft Works and Microsoft Word in detail this manual and if you have access to the Internet you can follow this step by step guide and self publish your own book for free using just this manual and the print on demand company Create Space So pick up this book read each chapter carefully then follow the detailed step by step instructions to self publish your own book for free
