The 60 Minute Network Security Guide (First Steps Towards a Secure Network Environment). ,2001 During the

last four years the National Security Agency's Systems and Network Attack Center C4 has released Security Guides for operating systems applications and systems that operate in the larger IT network. These security guides can be found at our web site www.nsa.gov Security Recommendation Guides. Many organizations across the Department of Defense have used these documents to develop new networks and to secure existing IT infrastructures. This latest Security Guide addresses security a bit differently. Our goal is to make system owners and operators aware of fixes that become force multipliers in the effort to secure their IT network.
