Let's find out more about the Vietnam War!

The Vietnam War, also known as the Second Indochina War or the 'War Against the Americans to Save the Nation', was a protracted conflict fought between the communist government of North Vietnam with its allies in the South, the Viet Cong, against the US-backed South Vietnam. The ongoing Cold War between the Soviet Union and the United States, along with their respective allies, further aggravated the conflict. The war resulted in about five million casualties on both sides. The Americans eventually lost the war while communist forces gained control of South Vietnam in 1975, thereby ending the war and declaring the unified Socialist Republic of Vietnam a year later.
