Whitcomb, 2011 Explores the conceptualization of the initial

attempts to use aircraft for evacuation reviews its development and maturity through conflicts and focuses on the history of the MEDEVAC post Vietnam through Hurricane Katrina Provided by publisher *The Boys of St. Joe's '65 in the Vietnam War* Dennis G. Pregent, 2019-12-26 Eleven high school friends in idyllic North Adams Massachusetts enlisted to serve in Vietnam and one stayed behind to protest the war All were from patriotic working class families all members of the class of 1965 at Saint Joseph s School Dennis Pregent was one of them He and his classmates joined up most right out of school some before graduating and endured the war s most vicious years Seven served in the Army three in the Marine Corps and one in the Navy After fighting in a faraway place they saw the trajectories of their lives dramatically altered One died in combat another became paralyzed and several still suffer from debilitating conditions five decades later Inspired by his 50th high school reunion Pregent located his classmates rekindled friendships and together over hours of interviews they remembered the war years *The Battle of Ap Bac, Vietnam* David M. Toczek, 2001-04-30 Toczek provides the first description of the entire battle of Ap Bac and places it in the larger context of the Vietnam War The study thoroughly examines the January 1963 battle complete with detailed supporting maps Ironically Ap Bac s great importance lies in American policymakers perception of the battle as unimportant for all their intelligence and drive senior American government officials missed the early warning signs of a flawed policy in Southeast Asia by ignoring the lessons of the defeat of the South Vietnamese Army ARVN on 2 January 1963 The outcome of Ap Bac was a direct reflection of how the U S Army organized equipped and trained the ARVN With all the ARVN officer corps s shortcomings the South Vietnamese Army could not successfully conduct an American combined arms operations against a smaller less well equipped enemy American leadership both military and civilian failed to draw any connection between ARVN s dismal performance and American policies toward South Vietnam Although certain tactical changes resulted from the battle the larger issue of American policy remained unchanged including the structure of the advisory system **On Warriors' Wings** David Napoliello, 2023-08-08 The book is a wonderment of research with its 37 pages of notes and 29 pages of bibliography Napoliello supports his secondary sources with interviews with Army aviators who flew in Vietnam and with current day members of Native American tribes The VVA Veteran On Warriors Wings traces the evolution of the Army policy to give names to major end items of equipment and specifically Native American tribal warrior chiefs and item to helicopters Twelve Army helicopters saw combat in Vietnam with eleven bearing Native American names For each David Napoliello s work includes an examination of what capabilities were needed its performance requirements and the production of the fleet Napoliello continues with a discussion on how the aircraft was used during its entire period of service in country as opposed to a twelve month snapshot of the experiences of a single aviator or a specific aviation unit The capstone of each chapter is the story of the Native American tribe or warrior chief and how that history commends it for the naming of that particular helicopter David also devotes a chapter to the experiences and memories of Native American veterans who served as pilots or crew members of those eleven aircraft These are

insightful first person accounts of their tours of duty in Vietnam and duties in aviation units while stationed there Over two hundred Native Americans perished in Vietnam nineteen of whom died while participating in aerial operations The details of that final mission and loss are included in here along with a listing of the other fallen warriors On Warriors Wings concludes with a summary of the new Native American named helicopters that came after Vietnam and the progress the US military has made with regards to national recognition of Indigenous veterans On Warriors Wings includes extensive illustrations and archival images of Native American veterans *Vietnam, a Surgeon's Odyssey* Ed Krekorian,2003-07 A doctor s diary A soldier s saga Colonel J P Franklin MC US Army a man of honor courage and commitment has already passed through the crucible of two wars Beginning as a teenaged Marine private in the Second World War he goes on to command a platoon of self propelled automatic weapons as a lieutenant in the Korean War His greatest challenge however comes in a third war Vietnam World recognised for his expertise as a head and neck surgeon he leaves the safe academic environment of Walter Reed Army Medical Centre to become a paratrooper then takes his military and surgical skills to Vietnam This is a detailed and often traumatic perspective of a controversial period in US history It is a period that strains those ideals and loyalties considered sacred to the young men who matured into warriors during WW2 and the Korean War **Air Medical**

Bernard C. Nalty,2000 **Company of Heroes** Eric Poole,2015-03-20 There are many broad studies of the Vietnam War but this work offers an insight into the harrowing experiences of just a small number of men from a single unit deep in the jungles of Vietnam and Cambodia Its focus is the remarkable account of a Medal of Honor recipient Leslie Sabo Jr whose brave actions were forgotten for over three decades Sabo and other replacement soldiers in Bravo Company 3rd Battalion 506th Infantry Currahees 101st Airborne Division were involved in intense bloody engagements such as the battle for Hill 474 and the Mother s Day Ambush Beginning with their deployment at the height of the blistering Tet Offensive and using military records and interviews with surviving soldiers Eric Poole recreates the terror of combat amidst the jungles and rice paddies of Vietnam Company of Heroes now published in paperback tells the remarkable story of how Sabo earned his medal as Bravo Company forged bonds of brotherhood in their daily battle for survival [Formulations](#) Andrew Witt,2022-01-11 An investigation of mathematics as it was drawn encoded imagined and interpreted by architects on the eve of digitization in the mid twentieth century In Formulations Andrew Witt examines the visual methodological and cultural intersections between architecture and mathematics The linkages Witt explores involve not the mystic transcendence of numbers invoked throughout architectural history but rather architecture s encounters with a range of calculational systems techniques that architects inventively retooled for design Witt offers a catalog of mid twentieth century practices of mathematical drawing and calculation in design that preceded and anticipated digitization as well as an account of the formal compendia that became a cultural currency shared between modern mathematicians and modern architects Witt presents a series of

extensively illustrated biographies of method episodes that chart the myriad ways in which mathematics particularly the mathematical notion of modeling and drawing was spliced into the creative practice of design These include early drawing machines that mechanized curvature the incorporation of geometric maquettes theorems made flesh into the toolbox of design the virtualization of buildings and landscapes through surveyed triangulation and photogrammetry formal and functional topology stereoscopic drawing the economic implications of cubic matrices and a strange synthesis of the technological mineral and biological crystallographic design Trained in both architecture and mathematics Witt uses mathematics as a lens through which to understand the relationship between architecture and a much broader set of sciences and visual techniques Through an intercultural exchange with other disciplines he argues architecture adapted not only the shapes and surfaces of mathematics but also its values and epistemic ideals **A Vietnam Trilogy, Vol. 3: War Trauma** Raymond M. Scurfield, 2006 A nationally renowned PTSD authority reveals the psychiatric impact of war on soldiers and veterans denied or minimized by government and the military Through efforts to treat veterans of past conflicts he illustrates the inevitability of lifelong psychiatric scars from today's conflicts as well Military Operations on Urbanized Terrain United States. Marine Corps, 1998 **The Law in War** Geoffrey Corn, Ken Watkin, Jamie Williamson, 2018-06-11 This book provides a comprehensive yet concise overview of key issues related to the regulation of armed hostilities between States and between States and non State groups Coverage begins with an explanation of the conditions that result in the applicability of international humanitarian law and then subsequently addresses how the law influences a broad range of operational humanitarian and accountability issues that arise during military operations Each chapter provides a clear and comprehensive explanation of humanitarian law focusing especially on how it impacts operations The chapters also highlight both contemporary controversies in the field and potentially emerging norms of the law The book is an ideal text for students studying international humanitarian law for the first time as well as an excellent introduction for students and practitioners of public international law and international relations Jungle Rules Charles Henderson, 2007-10-02 From the author of the military classics *Marine Sniper* and *Silent Warrior* comes the riveting tale of a dramatic military trial and a war within a war where the fight is not for victory but survival In Vietnam there's the way things are supposed to be done and the way they actually get done Playing by *Jungle Rules* the U S military tries to keep control of whatever situation arises often allowing convenience to outweigh justice This is the battlefield Captain Terry O Connor of the JAG Corps is stepping onto and the battle is about to start with a murder After a long day in the boonies Private Celestine Anderson returned to base only to come under fire from a group of racist white marines He apparently snapped and buried his field axe in the skull of one of his tormentors The inexperienced O Connor has been assigned to defend him in a trial that seems to begin as an open and shut case but ends up pulling O Connor into the heart of the Vietnam conflict where bullets overrule books and death is the final judge This recounting of a true story of brutality and justice continues Charles Henderson's tradition of bringing readers into

the heart of the American experience in Vietnam **A Tour in Chuong Thien Province** John S. Raschke, Colonel US Army Retired, 2022-10-17 In the summer of 1969 as the Vietnam War was being turned over to the South Vietnamese Lieutenant John Raschke arrived in Chuong Thien Province deep in the Mekong Delta eager to have a positive impact Recounting his assignment to a provincial advisory team of military and civilian personnel this memoir depicts the ordinary and the extraordinary of life both inside and outside the wire mortar attacks firefights and snipers hot showers good meals and comradery the life and death struggles of the Vietnamese people and the bonds he formed with them **Defending the Vietnam Combat Veteran** Barry Levin, David O. Ferrier, 1989 DEFENDING THE VIETNAM COMBAT VETERAN presents actual case histories psychological profiles personal disclosures hands on document retrieval military background verification techniques clearly presented in layman s language In addition to being an exhaustive reference text this book distills the essence of the presentation of an individual s combat experiences for consideration by the Court While indispensable in evaluating any client with a military background the information contained in this book will certainly be relevant informative to family members as well DEFENDING THE VIETNAM COMBAT VETERAN defines a defense not mired in the gray blather of courtroom diagnosis but alive with vivid accuracy of personal experience empathetic reaction Copies of all forms necessary to obtain complete military documents are included An informative glossary of terms extensive bibliography complement the researcher s efforts The book effectively separates the POST TRAUMATIC STRESS DISORDER combat real trauma personal military history from the plethora of mental health inanities flooding the Courts DEFENDING THE VIETNAM COMBAT VETERAN is an exercise in truth information empathy aimed at helping distinguish an individual client by highlighting explaining the relevance of his military history *Team 19 in Vietnam* David Millie, 2013-11-05 Historical accounts and memoirs of the Vietnam War often ignore the participation of nations other than Vietnam and the United States As a result few Americans realize that several members of the Southeast Asian Treaty Organization SEATO including Australia allied with South Vietnam during the conflict By the late 1960s more than eight thousand Australians were deployed in the region or providing support to the forces there In *Team 19 in Vietnam* David Millie offers an insightful account of his twelve month tour with the renowned Australian Army Training Team Vietnam in Quang Tri Province a crucial tactical site along the demilitarized zone that was North Vietnam s gateway to the south Drawing from published and unpublished military documents his personal diary and the letters he wrote while deployed Millie introduces readers to the daily routines actions and disappointments of a field staff officer He discusses his interactions with province senior advisor Colonel Harley F Mooney and Major John Shalikashvili who would later become chairman of the U S Joint Chiefs of Staff This firsthand narrative vividly demonstrates the importance of the region and the substantial number of forces engaged there Few Australian accounts of the Vietnam War exist and Millie offers a rare glimpse into the year after the Tet offensive when Presidents Johnson and Nixon both made it clear that the U S would withdraw its troops This important memoir reveals that

responsibility for the catastrophe inflicted on Vietnamese civilians is shared by an international community that failed to act effectively in the face of a crisis Manual for the Transport of High-risk Newborn Infants Canadian Paediatric Society. Foetus and Newborn Committee, 1972
