**Mission 2020 & Beyond - Guaranteed Success for Students in Competitive Exams** Anand Munshi, 2020-07-04 Is there a formula for success Why for some it appears that success comes very easy like walking in the garden while others in spite of all their hard work and intelligence they wait forever to taste their first success What does it take to live a life filled with health money and happy relationships What factors are truly responsible for achieving success and are they changing with times Every year through various jobs interviews business ventures and other self employed means thousands and thousands of people become successful in their own way but again majority of others are still struggling to keep their nose above the water The competition in current world s situation is much severe than any time in the known history In fact with each year they are only getting tougher So in order to succeed students young and experienced professionals need to prepare much harder and remain very much focused to attain their results Anyone who is serious about achieving big success in any chosen field must not only train with experienced people but should also develop unshakable courage to withstand the challenges that life keep throwing on them This book promises to provide proven methods to constructively use challenges and opportunities with all available talent to reach heights of success in field of personal professional and academic life It not only focuses on improving one s ability to take their life to next level but also focuses on choosing their field wisely to get maximum chances of success The book will definitely help remove all confusions pertaining to setting and getting goals and give them the much needed direction and determination to work towards their goal The techniques given in this book are proven easy and effective Upon following these techniques one will lead happy and meaningful life All the best
