Vincent Berg Grappling With Survival:

Grappling with Survival Vincent Berg, 2013-01-26 Book 2 of the Great Death series A Post Apocalyptic world unlike any other Instead of banding together or fighting each other here the survivors find a world with few resources little trust and no desire to intermingle Fears of disease prevent survivors from reaching out for help How does society survive if the survivors won't participate A follow up to Love and Family During the Great Death It's much less bleak and reading the first book isn't strictly necessary so those who couldn't handle the first shouldn't be afraid of this one Picking up after everyone else has died David and Alice try to determine who if anyone has survived and why they did The series of plagues they survived proved effective as society is laid bare but they realize they must organize the reluctant survivors as the Great Death isn't finished and further disasters await

Escaping the Cult: One cult, two stories of survival Natacha Tormey, Kristina Jones, Celeste Jones, Juliana Buhning, 2014-07-03 The bestselling *Not Without My Sister* detailing the incredible story of three siblings battling to escape the infamous Children of God cult is for the first time combined with *Born Into The Children of God* the shocking but inspiring account of Natacha Tormey who underwent similar horrors

The Moral Case for Abortion Ann Furedi, 2022-01-27 This revised and updated edition of the 2016 bestselling work sets out the moral arguments for a woman's right to decide the future of her pregnancy Drawing on traditions of philosophical and sociological thinking it presents the case for recognizing autonomy in personal private decision making about reproductive intentions Further it argues that to prevent a woman making this decision according to her own values is to undermine the essence of her humanity The author explores how true respect for human life and regard for individual conscience demands that we support a woman's right to decide and that support for her right to terminate her pregnancy has moral foundations and ethical integrity This second edition features a foreword by US abortion provider and reproductive justice advocate Dr Willie Parker as well as additional chapters that consider the rights of doctors and nurses to withdraw from abortion provision on grounds of conscience Furedi also surveys the rapidly changing landscape of the abortion debate including the rights of women in the aftermath of Trump's presidency debates politics and religion in Northern Ireland and the Republic of Ireland and the differing levels of provision across Europe

Anthropological Optimism Anna J. Willow, 2023-04-25 This book theorizes the roles of optimism in anthropological thinking research writing and practice It sets out to explore optimism's origins and implications its conceptual and practical value and its capacity to contribute to contemporary anthropological aims In an era of extensive ecological disruption and social distress this volume contemplates how an optimistic anthropology can energize the discipline while also contributing to bettering the lives communities and environments of those we study It brings together scholars diverse in background career stage and theoretical approach in a collective attempt to comprehend the myriad intersections of anthropology and optimism The challenges of the COVID 19 pandemic have recently underscored the larger longer term catastrophes of climate change ecosystemic collapse social injustice and antipathy toward scientific

knowledge and those who produce it In this context exceedingly few anthropologists feel comfortable observing and documenting passively while their research communities face unrelenting waves of un natural disasters We need to act But we also need to hope Discontent with the state of the world and cultural anthropology s turn to increasingly positive future oriented and engaged work have converged to unleash a courageously optimistic anthropology This book is a timely springboard for this impactful and emergent approach *Italian Politics* Martin J. Bull,James L. Newell,2005 This wide ranging book seeks to unravel the complexities of post 1992 Italian democracy It takes as its point of departure the dramatic political tensions of the early 1990s and evaluates these against the background of an analysis of the First Republic that predates these changes Martin Bull and James Newell renowned scholars of Italian Politics argue that the early 1990s revolution in Italian party politics should be seen both as a major cause of subsequent changes in the political system and as a consequence of longer term still on going changes in the Italian polity The books explains how we can understand in this light the mixed success of the parties in attempting to act as autonomous vehicles of reform and therefore why if we are witnessing a transformation to a Second Republic many of its key features still remain to be shaped Each of the thematic chapters clearly juxtaposes Italy as it was before the 1990s with Italy today thereby evaluating the degree to which the early 1990s can be seen as a watershed In this way the book offers a novel account of both contemporary political developments and their historical significance in teh context of the Italian political model that took shape in the period after 1945 This will be essential reading for all students of Italian and Comparative Politics who will find the clarity and breadth of the book invaluable Equally scholars will be fascinated by this new and compelling argument *The Chicago Legal News* ,1911

Politics, Power and Old Age John A. Vincent,1999 This volume introduces ideas dilemmas and controversies about the way that lives of elderly people are shaped by patterns of power It is about politics in the broadest sense and about old age as a contested part of contemporary social life The author applies ideas about power and ageism in specific areas such as lifestyles personal identity appearance and intergenerational conflicts as well as pensioners movements party politics and elections He includes original research on the social construction and negotiation of identity in old age and brings together material from a range of British American and European studies of relevance to the theme of politics and old age Throughout he explores global and historical trends in ageing but relates these to personal dilemmas and interpersonal relationships The book is interdisciplinary and its challenging ideas will appeal to a broad range of students academics and professionals with a common interest in ageing and the care and well being of the elderly **Northwestern Christian Advocate** ,1904
