Fall, 2024

Instructor: Sari Izenwasser, Ph.D.
Email: sizenwasser@miami.edu

Office: RMSB 7001, Medical Campus
Phone: 305-243-2032

Prerequisites: BIL 268 or PSY 220 or PSY 425

Class Location & Time: Flipse 402 Monday 11:15 AM - 2 PM

Attendance of classes is strongly encouraged since performance on tests is generally much better for those who attend class than for those who miss classes frequently. A portion of the grade is based upon participation in class discussions.

Contacting me: My schedule is flexible, so setting up timely meetings should not be a problem. The best way to contact me is via e-mail. Alternatively, you can call and leave a voice message.

Description of Course from the Bulletin:

Analysis of different neuropsychiatric disorders including, but not limited to, schizophrenia, depression, post-traumatic stress disorder, drug dependence and misuse, and obsessive-compulsive disorders. Lectures are derived from current research articles looking at in depth mechanisms of these disorders. It is expected that students have a good understanding of neuroscience, molecular biology and abnormal psychology before registering for this course.

PLEASE NOTE: The language that we use to describe mental illness, addiction and substance use disorders is changing with the aim of reducing stigma associated with mental illness and substance use disorders. I have uploaded a paper in blackboard that addresses this and will make every attempt to use appropriate language throughout the course.

Absences and Make-up Exams/Assignments: If you cannot attend the class due to illness or other reason, you must contact me in advance. Unexcused absences from the classroom may affect your grade or lead to failing the course. If you need to miss the class for a legitimate reason such as a medical/graduate school interview or university-sanctioned event or other reason, please let me know ahead of time so that I may assist you with keeping up with the material covered in class. Be considerate of your team partners for the group assignments.

If you need to miss one of the quizzes, or classes during which participation is required, for a legitimate reason (e.g. medical or graduate school interview, conflict with another course's examination schedule, etc.), you must arrange to take the quiz or have an alternate task for the discussion you would miss **before** your planned absence. If you miss a quiz due to illness or injury, a makeup test must be scheduled with me. It is expected that any make up test will be completed within one week of the missed test. You may be required to provide documentation from a health care professional if a quiz was missed due to illness or injury. Failure to adhere to these policies regarding absences for quizzes will result in your getting a score of '0' for the quiz in question.

Student Learning Outcomes: Students will be introduced to the latest research on psychiatric disorders and to the basic neural mechanisms that underlie each disorder. An emphasis will be placed on research (from basic animal research to clinical research) to explain concepts. Reading
