Thank You, America & Americans Armen Saginian, 2022-07-18 Why this appraisal In the framework of an autobiography I am a naturalized American citizen I am what I am and I became what I became because of you you the wonderful American people You dear Americans who have created this wonderful and benevolent country through your hard work No other nation to date can claim that they have done more or better than you have in such a short time I am giving you my thanks my appreciations my respects my love and devotion to you and your work aspirations and ideals I am doing this in a try to nullify the vicious attempts of modern day Trotsky's and their clones who are trying to tear down what you have built because they cannot match you or your work or outdo you In my Addendums I have selectively expressed my heartfelt gratitude to those who had the most effect on my life but the list of those who in one way or another affected my life will probably make a book as thick as this one The majority of them are Americans My dear and benevolent people who have helped me and others like me millions of us be proud of who you are and what you have done You have always torn down what was useless and have replaced it with something more useful For the sake of the future of this nation and the salvation of mankind don't give anything free to anyone Don't give anyone free fish to feed on teach them how to fish to live on May the intelligent energy be with you

within it that propels it to repair its faults and that the nation has been moving to a higher ground in its motion with a concerted effort of its people as one E pluribus Unum to build a more perfect Union A pragmatic but positive outlook on the American reality in the bountiful land by a first generation immigrant from Gojjam Ethiopia the author tries to help the reader develop a generic framework in understanding the evolving American reality since the founders took the bold step in 1776 to write an audacious proposal that all men are created equal endowed by the creator with inalienable rights The analysis in the book begins by framing the constitutional bases of the nation as a four dimensional compass Using what he terms as the American GPS he leads the reader to have a snapshot on the structure of American government citizenship church and state legal economic political and foreign policy issues to show that in fact what is manifesting in the American socio political topology is not a random act but an in built systemic transfiguration in creating the opportunity for all children of Adam to realize their God given inalienable rights being Geezans freely roaming citizens of the universe in fulfilling the vision of the nation After reading this book the reader will never waste time in random thoughts about the American ever unfolding reality By all accounts America is an emergent and noble idea whose better days are yet to come That is the projection whose totality can be meaningfully captured through a living compass The American GPS What's in My Heart?
