Does the Internet Have an Unconscious? Clint Burnham, 2018-05-31 Does the Internet Have an Unconscious is both an introduction to the work of Slavoj Žižek and an investigation into how his work can be used to think about the digital present Clint Burnham uniquely combines the German idealism Lacanian psychoanalysis and Marxist materialism found in Žižek's thought to understand how the Internet social and new media and digital cultural forms work in our lives and how their failure to work structures our pathologies and fantasies He suggests that our failure to properly understand the digital is due to our lack of recognition of its political aesthetic and psycho sexual elements Mixing autobiographical passages with critical analysis Burnham situates a Žižekian theory of digital culture in the lived human body **Through the Looking-Glass and What Alice Found There (English edition - Full version)** Lewis Carroll, 2023-05-15 Once Alice embarks on her next adventure nothing is quite what it seems Through a mirror she enters a fantastical world of illogical behavior dominated by chess boards and chess pieces and where time runs backwards The story follows the exploits of a spirited young girl who parries with the Red Queen Tweedledee and Tweedledum and other unusual characters she encounters The game of chess that Alice faces is a reflection of how society's rigid hierarchy works And in many ways this sequel has had an even greater impact on today's pop culture than the first book with its whimsical and thought provoking themes **The Newer, More English Version** Tom Carver, 2013-05-31 In the beginning was the word and you know the rest Not like this you don't In a new twist on a classic tale Tom Carver re imagines the Old Testament without the leading character The Newer More English Version takes an erudite look at the supporting players of the Pentateuch with no Jehovah to steal the show What's left is a varied cast of egomaniacs revolutionaries war criminals geni and perverts Joseph smug careerist and part time psychoanalyst Moses a revolutionary firebrand who just wants to belong Abraham the world's first and greatest global branding strategist and one very strange tree **Digest**, 1899-07 **Catalog of Copyright Entries** Library of Congress.
