**Inside The Great Gatsby** A.E. Elmore, 2025-02-15 Inside The Great Gatsby The Hidden Subtext is a revolutionary analysis of the famed novel that reveals its important previously unknown

literary foundations drawn from classical and modern literature including the works of Dante Milton Conrad Spengler Frazer Weston Joyce Eliot and the King James Bible Other studies of the novel have focused primarily on its biographical cultural or social issues but none prior to Elmore s have systematically examined the unrecognized debts Gatsby owes to previous literary works The ultimate irony is that Gatsby lauded as one of the greatest novels in the English language earned its stature based solely on recognition of only a part of its whole the literal narrative or surface story without realization or acknowledgment of its foundational subtext the hidden layer that links it to the universal library of human experience most of which remained undetected until the centennial year of the novel s original publication **A Century of Chinese**

*Memorials of Harriet Martineau* by Maria Weston Chapman Deborah Anna Logan, 2015-11-25 Memorials of Harriet Martineau by Maria Weston Chapman was published in 1877 as volume three of Harriet Martineau s Autobiography While the triple decker was a popular format of the era the configuration of a two volume autobiography authored by one and a one volume biography written by another is unusual Indeed the work s publishing history reveals that in reissues of the Autobiography the Memorials volume was not reproduced while some might claim that the problem is with the editor

American abolitionist Chapman rather than the contents the fact remains that the bulk of the volume consists of primary materials written by Martineau that are available nowhere else published or archival Chapman's participation in the project was originally conceived as supplemental in the event that the ailing Martineau did not live long enough to complete her memoirs as it happened Martineau who finished the two volumes and had them privately printed in 1855 lived another twenty one years Whereas the Autobiography records what Martineau called the interior life or subjective perspective on her career Chapman's volume addressed the exterior by offering a biographical overview of her friend's life and work a record of her last decades and a collection of posthumous memorials by those with whom her private and public lives intersected Chapman's role was to take up the parallel thread of her exterior life to gather up and co ordinate from the materials placed in my hands the illustrative facts and fragments by her omitted or forgotten and to show what no mind can see for itself the effect of its own personality on the world This volume is the first scholarly edition of the Memorials a biography of one of the foremost intellectual women of the nineteenth century told primarily in her own words *Twentieth-century Italian Literature in English Translation* Robin Healey, 1998-01-01 This bibliography lists English language translations of twentieth century Italian literature published chiefly in book form between 1929 and 1997 encompassing fiction poetry plays screenplays librettos journals and diaries and correspondence

**A Fur Trader on the Upper Missouri** Jean-Baptiste Truteau, 2017-08 2018 Dwight L. Smith ABC-CLIO Award from the Western History Association. *A Fur Trader on the Upper Missouri* offers the first annotated scholarly edition of Jean-Baptiste Truteau's journal of his voyage on the Missouri River in the central and northern Plains from 1794 to 1796 and of his description of the upper Missouri. This fully modern and magisterial edition of this essential journal surpasses all previous editions in assisting scholars and general readers in understanding Truteau's travels and encounters with the numerous Native peoples of the region, including the Arikaras, Cheyennes, Lakotas, Dakotas, Nakotas, Omahas, and Pawnees. Truteau's writings constitute the very foundation to our understanding of the late eighteenth-century fur trade in the region immediately preceding the expedition of Meriwether Lewis and William Clark, commissioned by President Thomas Jefferson in 1803. An unparalleled primary source for its descriptions of Native American tribal customs, beliefs, rituals, material culture, and physical appearances, *A Fur Trader on the Upper Missouri* will be a classic among scholars, students, and general readers alike. Along with this new translation by Mildred Mott Wedel, Raymond J. DeMallie, and Robert V. Zina, which includes facing French-English pages, the editors shed new light on Truteau's description of the upper Missouri and acknowledge his journal as the foremost account of Native peoples and the fur trade during the eighteenth century. V. Zina's essay on the language used and his glossary of voyageur French also provide unique insight into the language of an educated French Canadian fur trader.
