Secret Sharers Jennifer Spitzer, 2023-02-21 Secret Sharers traces a genealogy of secret sharing between literary modernism and psychoanalysis focusing on the productive entanglements and intense competitive rivalries that helped shape Anglo American modernism as a field As Jennifer Spitzer reveals such rivalries played out in explicit criticism inventive misreadings and revisions of Freudian forms from D H Lawrence's re-descriptions of the unconscious to Vladimir Nabokov's parodies of the psychoanalytic case study While some modernists engaged directly with Freud and Freudian psychoanalysis with unmistakable rivalry and critique others wrestled in more complex ways with Freud's legacy The key protagonists of this study D H Lawrence Virginia Woolf W H Auden and Vladimir Nabokov are noteworthy for the way they engaged with popularized and revised the terms of Freudian psychoanalysis while also struggling with it as an encroaching discourse Modernists read psychoanalysis misread psychoanalysis and sometimes refused to read it

altogether while expressing anxiety about being read by psychoanalysis subjecting themselves and their art to psychoanalytic interpretations As analysts such as Freud Ernest Jones and Alfred Kuttner turned to literature and art to illustrate psychoanalytic theories modernists sought to counter such reductive narratives by envisioning competing formulations of the relationship between literature and psychic life Modernists often expressed ambivalence about the probing symptomatic style of psychoanalytic interpretation and responded with a re doubling of arguments for aesthetic autonomy formal self consciousness and amateurism Secret Sharers reveals how modernists transformed the hermeneutic and diagnostic priorities of psychoanalysis into novel aesthetic strategies and distinctive modes of epistemological and critical engagement In reassessing the historical and intellectual legacies of modernism this book suggests that modernist responses to psychoanalytic criticism anticipate more recent critical debates about the value of symptomatic reading and the hermeneutics of suspicion

The Philosophy of Stanley Kubrick Jerold Abrams, 2007-05-04 In the course of fifty years director Stanley Kubrick produced some of the most haunting and indelible images on film His films touch on a wide range of topics rife with questions about human life behavior and emotions love and sex war crime madness social conditioning and technology Within this great variety of subject matter Kubrick examines different sides of reality and unifies them into a rich philosophical vision that is similar to existentialism Perhaps more than any other philosophical concept existentialism the belief that philosophical truth has meaning only if it is chosen by the individual has come down from the ivory tower to influence popular culture at large In virtually all of Kubrick s films the protagonist finds himself or herself in opposition to a hard and uncaring world whether the conflict arises in the natural world or in human institutions Kubrick s war films Fear and Desire Paths of Glory Dr Strangelove and Full Metal Jacket examine how humans deal with their worst fears especially the fear of death when facing the absurdity of war Full Metal Jacket portrays a world of physical and moral change with an environment in continual flux in which attempting to impose order can be dangerous The film explores the tragic consequences of an unbending moral code in a constantly changing universe Essays in the volume examine Kubrick s interest in morality and fate revealing a Stoic philosophy at the center of many of his films Several of the contributors find his oeuvre to be characterized by skepticism irony and unfettered hedonism In such films as A Clockwork Orange and 2001 A Space Odyssey Kubrick confronts the notion that we will struggle against our own scientific and technological innovations Kubrick s films about the future posit that an active form of nihilism will allow humans to accept the emptiness of the world and push beyond it to form a free and creative view of humanity Taken together the essays in The Philosophy of Stanley Kubrick are an engaging look at the director s stark vision of a constantly changing moral and physical universe They promise to add depth and complexity to the interpretation of Kubrick s signature films

Reading Vladimir Nabokov: 'Lolita' John Lennard, 2008-01-01 An illuminating study of Vladimir Nabokov s controversial novel with special attention to its film versions From its first publication in 1955 Nabokov s Lolita has been denounced as immoral filth hailed as a moral

masterpiece and both praised and damned **Incest in contemporary literature** Miles Leeson, 2018-08-06 This is the first edited collection of essays which focuses on the incest taboo and its literary and cultural presentation from the 1950s to the present day It considers a number of key authors and artists rather than a single author from this period The collection exposes the wide use of incest and sexual trauma and the frequency this appears within contemporary literature and related arts Incest in contemporary literature discusses the impact of this change in attitudes on literature and literary adaptations in the latter half of the twentieth century and early years of the twenty first century Although primarily concerned with fiction the collection includes work on television and film Authors discussed include Iain Banks A S Byatt Angela Carter Simone de Beauvoir Ted Hughes Doris Lessing Ian McEwan Iris Murdoch Vladimir Nabokov Andrea Newman and Pier Pasolini and Sylvia Plath The Translator's Doubts Julia Trubikhina, 2019-08-28 Using Vladimir Nabokov as its case study this volume approaches translation as a crucial avenue into literary history and theory philosophy and interpretation The book attempts to bring together issues in translation and the shift in Nabokov studies from its earlier emphasis on the metaliterary to the more recent metaphysical approach Addressing specific texts both literary and cinematic the book investigates Nabokov's deeply ambivalent relationship to translation as a hermeneutic oscillation on his part between the relative stability of meaning which expresses itself philosophically as a faith in the beyond and deep metaphysical uncertainty While Nabokov's practice of translation changes profoundly over the course of his career his adherence to the Romantic notion of a true but ultimately elusive metaphysical language remained paradoxically constant *Nabokov's Fifth Arc* J. E. Rivers, Charles Nicol, 2014-09-10 In his autobiography *Invitation of a Memory* Vladimir Nabokov compared his life to a spiral in which twirl follows twirl and every synthesis is the thesis of the next series The first four arcs of the spiral of Nabokov's life his youth in Russia voluntary exile in Europe two decades spent in the United States and the final years of his life in Switzerland are now followed by a fifth arc his continuing life in literary history which this volume both explores and symbolizes This is the first collection of essays to examine all five arcs of Nabokov's creative life through close analyses of representative works The essays cast new light on works both famous and neglected and place these works against the backgrounds of Nabokov's career as a whole and modern literature in general Nabokov analyzes his own artistry in his *Postscript to the Russian Edition of Lolita* presented here in its first English translation and in his little known *Notes to Ada* by Vivian Darkbloom published now for the first time in America and keyed to the standard U S editions of the novel In addition to a defense of his father's work by Dmitri Nabokov and a portrait interview by Alfred Appel Jr the volume presents a vast spectrum of critical analyses covering all Nabokov's major novels and several important short stories The highly original structure of the book and the fresh and often startling revelations of the essays dramatize as never before the unity and richness of Nabokov's unique literary achievement **Taking Stock - Twenty-Five Years of Comparative Literary Research**, 2019-10-29 Read an interview with Norbert Bachleitner In this 200th volume of *Internationale Forschungen zur Allgemeinen und Vergleichenden*

Literaturwissenschaft the editors Norbert Bachleitner Achim H H lter and John A McCarthy take stock of the discipline It focuses on recurrent questions in the field of Comparative Literature What is literature What is meant by comparative Or by world What constitute transgressions or refractions What ultimately does being at home in the world imply When we combine the answers to these individual questions we might ultimately reach an intriguing proposition Comparative Literature contributes to a sense of being at home in a world that is heterogeneous and fractured rather than affirming a monolithic canon marked by territory and homogeneity The volume unites essays on world literature literature in the context of the history of ideas comparative women and gender studies aesthetics and textual analysis and literary translation and tradition

Critical Children Richard Locke, 2013-07-16 The ten novels explored in *Critical Children* portray children so vividly that their names are instantly recognizable Richard Locke traces the 130 year evolution of these iconic child characters moving from *Oliver Twist* *David Copperfield* and *Pip* in *Great Expectations* to *Tom Sawyer* and *Huckleberry Finn* from *Miles* and *Flora* in *The Turn of the Screw* to *Peter Pan* and his modern American descendant *Holden Caulfield* and finally to *Lolita* and *Alexander Portnoy* It s remarkable writes Locke that so many classic or let s say unforgotten English and American novels should focus on children and adolescents not as colorful minor characters but as the intense center of attention Despite many differences of style setting and structure they all enlist a particular child s story in a larger cultural narrative In *Critical Children* Locke describes the ways the children in these novels have been used to explore and evade large social psychological and moral problems Writing as an editor teacher critic and essayist Locke demonstrates the way these great novels work how they spring to life from their details and how they both invite and resist interpretation and provoke rereading Locke conveys the variety and continued vitality of these books as they shift from Victorian moral allegory to New York comic psychoanalytic monologue from a child who is an agent of redemption to one who is a narcissistic prisoner of guilt and proud rage

Kubrick's films culminating in his 1980 adaptation of Stephen King's horror novel *The Shining* maintains that this is reflected in his depiction of harsh struggles with and over power and violence. Several of his films deal with war and state power. *The Shining* is seen as an artistic and philosophical response to the horrors of World War II. Among the influences on the filmmaker are Hilberg's *The Destruction of the European Jews*, Kubrick's Jewish past and his early years that were affected by fascism and war. Kubrick's marriage into an artistic German family also contributed to his preoccupation with the history of Nazi Germany and the Holocaust which were indirectly reflected in his oeuvre.

On Nabokov, Ayn Rand and the Libertarian Mind Gene H. Bell-Villada, 2014-07-08. On Nabokov, Ayn Rand and the Libertarian Mind not only conjoins two seemingly divergent authors but also takes on the larger picture of libertarian trends and ideologies. These timely topics further intermingle with Bell Villada's own conflicted relationship, personal, cultural, satirical, literary to the odd pair and their ways of thinking. That Other World Azar Nafisi, 2019-06-25. The foundational text for the acclaimed international best seller *Reading Lolita in Tehran*. Empathetic, incisive. A sweeping overview of Nabokov's major works. Graceful and discerning. *Kirkus Reviews*. The ruler of a totalitarian state seeks validation from a former schoolmate, now the nation's foremost thinker in order to access a cultural cache alien to his regime. A literary critic provides commentary on an

unfinished poem that both foretells the poet's death and announces the critic's secret identity as the king of a lost country. The greatest of Vladimir Nabokov's enchanters, Humbert, is lost within the antithesis of a fairy story in which *Lolita* does not hold the key to his past but rather imprisons him within the knowledge of his distance from that past. In this precursor to her international best seller *Reading Lolita in Tehran*, Azar Nafisi deftly explores the worlds apparently lost to Nabokov's characters, their portals of access to those worlds, and how other worlds hold a mirror to Nabokov's experiences of physical, linguistic, and recollective exile. Written before Nafisi left the Islamic Republic of Iran and now published in English for the first time and with a new introduction by the author, this book evokes the reader's quintessential journey of discovery and reveals what caused Nabokov to distinctively shape and reshape that journey for the author.
