

A woman with dark, curly hair and teal eye makeup is shown from the chest up. She is wearing a black dress with a vibrant green and yellow tropical leaf pattern. She has her right index finger pressed against her lips in a 'shh' gesture and is looking upwards and to the left. The background is a solid, muted taupe color.

Beatty, 2020-11-08 Samuel Martin is not afflicted with the wanderlust that teenage boys growing into young men in isolated areas in isolated times so often are Samuel has no desire to break out of the isolation of the remote rural farm town he was born into and see the world He wants nothing more than to be the third generation patriarch on the farm of his ancestors living on the land he loves in company with the family he loves He is just facing the problem of finding the one girl he wants to share his love and life with He thinks he has found that girl in the form of the beautiful enigmatic young prostitute girl who hides her early life and hides herself behind the flowery contrived name of Clarinda The girl shares her body with him but never shares her real name Neither does she share the love she is incapable of returning Samuel loves the girl recklessly and beyond the point of caution In the process he learns that loving recklessly and beyond caution can invert and disrupt your life the way following any passion recklessly can He also learns that life is what happens to you when you had other plans

Hans, 1994-03-08 The Golden Mean reappraises the relationship among the three forms of good that exist in modern Western thought the good of aesthetic beauty and performance the good of right and wrong and the forces of social resentment that shape the public debate about what is appropriate to society's needs The book explores how the good found in aesthetics is linked to the good found in the ethical codes that govern people's lives These goods interact with the sense of the community expressed in society's envy of those exemplary few who possess the powers of the aesthetic even as they too must subscribe to the same strictures by which ordinary people live The book also demonstrates how the concept of a middle path a straight and narrow way or a golden mean develops to provide a measure by which people can make sense out of these seemingly disparate phenomena The Golden Mean argues that our current dilemmas both inside and outside the university should prompt us to see more clearly how the aesthetic and the ethical are intrinsically related We need to reassess their relationship to the future of our ways of thinking and the development of our communities **Chambers's Journal of Popular Literature, Science, and Arts**, 1917 *Fateful Journeys* Gary E.
